VOLUME 33, No 20

SCHOOL AIM

“To provide a Christian environment in which young people are safe, secure, cared for and happy, and are able to develop into articulate, confident and well qualified citizens of the world.”

Photograph Of The Week

In last weeks House assemblies, the Sixth Form Heads and Deputy Heads, shown above, were introduced to the school. They spoke about their Sixth Form subjects, their university/career aspirations and, following this, were involved in various aspects of the act of worship. The audiences were especially interested to learn the following:

- Mustafa Ismail, Head Boy; studying biology, chemistry and mathematics; hoping to study medicine at university.
- Ailish Atkinson, Head Girl; studying law, psychology and religious education and hoping to read law at university.
- Emmanuel Yakubu, Deputy Head Boy; studying chemistry, computer science and mathematics and hoping to study engineering at university.
- Emily Aves, Deputy Head Girl; studying biology, chemistry, French and mathematics. Applied for the Oxford University Summer School.

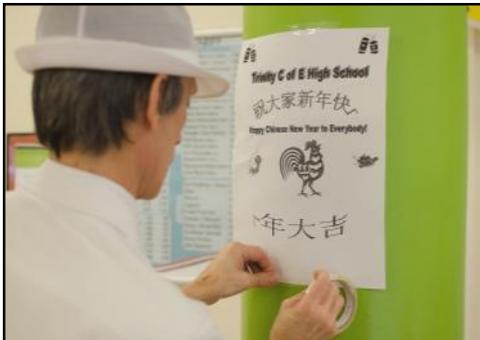

Life In The Sixth Form

In addition to their advanced level studies and preparation for university, employment or apprenticeships, our Sixth Form students are involved in a number of “enrichment” activities, two of which are shown above. These involve providing after school “numeracy” sessions for some of our Year 7s and enjoying the benefits of yoga.

Chinese New Year Special!

A particularly mouthwatering menu was on offer last Monday, 30th January, the day of the Chinese New Year. This is the ‘Year of the Rooster’, the rooster being the tenth in the twelve year Chinese zodiac signs. Those born under it are said to be confident, intelligent and independent.

The Manchester Rutherford School

Newsletter readers will be aware that we have signed a collaborative agreement to support the foundation, development and success of this proposed new school. Key members of the Rutherford team attended an interview, last Friday, with representatives of the Department for Education. The Department will announce their decision by Easter and, with a positive outcome, the site and building schedule will subsequently become clear.

Important And Enjoyable Activities

The photograph on the left illustrates the popularity of chess at Trinity. Mr Richardson writes;

“Students have just played their third weekly game in the first stage of the Delancey UK Schools' Chess Challenge, and the competition is fierce. We have more students competing this year than ever before, with four of them as yet undefeated. Students who do well will have the opportunity to compete at a regional level and, if they perform well there, go on to play for cash prizes at the national Terafinal.”

Alongside, winners of the recent “Spelling Bee” competition;

- 1st Favour Adejumobi, Year 10.
- 2nd Mohammad Choudhury, Year 9.
- 3rd Muktar Ismail, Year 10.

And Finally.....

.....last Saturday, four Year 11 students, Ore Yakubu, Eloghosa Eduwanojo, Dami Adetokunbo and Tof Apampa, took part in an all day debate tournament with the Manchester Debating Union. They performed extremely well and, despite competition from other sixth forms, grammar schools and colleges, qualified for the final. Congratulations to our four excellent representatives.
