

30th June, 2017

VOLUME 33, No 36

## SCHOOL AIM

“To provide a Christian environment in which young people are safe, secure, cared for and happy, and are able to develop into articulate, confident and well qualified citizens of the world.”

## Photograph Of The Week

With the explanation, below, from teacher of science, Mr McFadden:

“Last Thursday, Trinity took part in “ChemQuiz”, a regional chemistry competition run by the Royal Society of Chemistry. We were one of 40 teams competing to be selected to go through to the national “Top of the Bench” competition. It was a great day for our four students who took part in a round of chemistry knowledge tests, a laboratory investigation and a series of exciting chemistry demonstrations. The team is pictured outside the Chemistry Department at Manchester Metropolitan University, holding their ChemQuiz 2017 mugs which they received for taking part. The team was made up of Huw Richards and Jan Wos (Year 8), Felix Graf Von Ballestrem (Year 9) and Kayla Princewill (Year 10).”

The sciences - biology, chemistry and physics - are strengths of the Trinity curriculum, not just at GCSE, but at GCE advanced level in the Sixth Form.

## Sports Presentation Evening

In sporting terms, it was a “capacity crowd” and “standing room only” for our incredibly well attended and successful sports presentation ceremony held last week in the sports centre. Numerous individual and team awards were presented by our guest, the former professional footballer with Chelsea, West Bromwich Albion, Leicester City and Burney, Frank Sinclair.

Team successes this year have included the following:

- Year 10-11 girls' basketball Manchester cup and league winners.
- Year 8 girls' football Manchester cup winners.
- Year 9 girls' football Manchester cup winners.

- Year 7 boys' premier league football winners.
- Year 7 girls' Manchester cross county winners.
- Year 9 athletics Manchester 4x100m relay record holders.

## **Duke of Edinburgh's Award**

Mr Kirsten, who coordinates the Bronze and Silver sections (Years 9, 10 and 11) is shown with a group of participants and our D of E accreditation certificate which we received a few days ago. The certificate can be seen in the students' entrance foyer, alongside a number of other high performance awards.

## **History Fieldwork Feedback**

Many of our students have recently visited Quarry Bank Mill, the eighteenth century cotton mill in Styal, Cheshire, and have received the following message from a senior representative:

“I just wanted to pass on the very positive message from our mill interpreters about how much they enjoyed engaging with the students you brought along over the past week. They were really impressed with their questioning and found they were a pleasure to talk to and very enthusiastic.”

## **Early Closures**

At the start of the school year, all students were given a blue coloured school calendar to take home to their parents. The calendar referred, amongst numerous other key events, to the occasions when the school is due to close for special events after a 2.05pm de-registration. This information has also been repeated for a couple of weeks on the home page of the school website. This week. We had an early closure so that all staff could attend the Year 11 final assembly.

Our penultimate early closure of the school year will be on Wednesday, 19th July, to accommodate the Year 9 Graduation ceremony in the sports hall.

## And Finally.....

.....a number of individual sports awards winners;

National Teaching School  
designated by

National College for  
Teaching & Leadership
