VOLUME 39, No 1

SCHOOL AIM

“To provide a Christian environment in which young people are safe, secure, cared for and happy, and are able to develop into articulate, confident and well-qualified citizens of the world.”

A Level and BTEC Results

Congratulations go to all our Year 13 students who picked up their A Level and BTEC results on Thursday, 18th August, 2022. This year's results have once again highlighted our talented and ambitious students. A special mention must go to our top performers who all achieved the perfect score of A*A*A* - congratulations to Goodness, Daniel, Jan and Rosa. We are extremely proud of all our students, along with the diverse and prestigious destination places they have achieved, for example, Mathematical Physics at the University of Edinburgh, Biomedical Science at University College London, Engineering Degree Apprenticeships and Midwifery and Medicine Degrees. In next week's edition, we will be sharing details about our outstanding GCSE results!

Welcome Back to School!

We were delighted to welcome students back for the start of the new academic year on Monday, 5th September. Our new Year 7s arrived bright and early, lining up in the playground, and looking exceptionally smart in their new uniforms. The students were welcomed with an assembly, before spending time in their new form groups.

It was a pleasure to see all our other year groups return and be reunited with their peers and staff after the summer. We wish everyone a successful year!

Start of Year Reminders

In the first newsletter of the school year, we would like to take this opportunity to inform and remind parents of the following issues:

- **Class Charts** - we are now using this exciting new system to keep parents up to date with what is going on in school, such as rewards and achievements, attendance, special announcements, behaviour, details about your child's timetable, etc. More details can be found on our website: <https://trinityhigh.com/parents/class-charts/> If you have any other queries related to class charts, please e-mail classcharts@trinityhigh.com
- **Scene Setting Meetings** - these will be taking place online and will be available from Monday, 12th September. Please look out for more details being sent to parents about how to access the link for your child's year group.

- **Home - School Agreement** - this can be found in the 'policies' area of the website (in the parents' section) and we would be grateful for all parents to read this in order to see how the school and parents work together to hold up the values and character of the school:

<https://trinityhigh.com/parents/policies/>

MySteel

Director of Music, Mrs Madden, tells us more:

“Several talented current and former Trinity students entertained the crowds at Manchester's very own Caribbean Carnival which celebrated its 50th anniversary on 13th August. Ruby, Lydia S, Jessica, Shiloh, Ali, May, Lydia H and Ruth are all dedicated members of MySteel, Manchester's Youth Steel Orchestra. Their uplifting performances on their parade float contributed to the joyful vibe at this important cultural community celebration.”

Engineering Trip to London

From Mrs James, KS5 Director of Engineering:

“Each year, I take our Future Engineers to the UK's Cultural Capital to marvel at the Engineering triumphs and failures (the Millennium 'wobbly' Bridge!) that London has to offer. This year we walked a total of 45km over 3 days which included a boat trip, a cable car ride, the Royal Observatory Planetarium, the Shard and much more! Gurshaan said 'it was the best

experience' and Sarah added 'it gives a different perspective on London.' All Year 12 students with an interest in engineering are invited to attend London 2023 and should speak to Mrs James."

Sanitary Products for Students

A message from Student Services:

Did you know...
that you can now get all
your **sanitary products** for
FREE
from **Student Services?**

We have various items available.
Come and collect from us at
Student Services, or if you are
feeling a bit embarrassed to ask,
email **Miss Laming** at
a.laming@trinityhigh.com

And finally...

...after all of the planning, designing and building, we are delighted to announce that our North End Extension is now open! The six new classrooms will be of great benefit to students and staff throughout the school, and they have already been put to great use this week!

Mr Julian Nicholls
