SCHOOL AIM

"To provide a Christian environment in which young people are safe, secure, cared for and happy, and are able to develop into articulate, confident and well-qualified citizens of the world."

Rising Tides Climate Event

Throughout this half term, we have been working collaboratively with Church of the Ascension, Hulme, and the 'Young Identity' group, which culminated in a special climate event last week. A group of Year 8 students firstly attended a workshop delivered by Christian Aid about the climate emergency and how they can play their part in building a stronger future for us all, as global citizens. A Eucharist followed the workshop, which featured 15 Trinity students reading beautiful poems that they wrote with ex-student, Ms May, and her colleague, Mr Elsenossi, from Young Identity.

In the afternoon, members of our eco-council enjoyed presentations from a youth community gardener, a theatre maker, community developer, an air quality scientist, and two local councillors, all describing their entry points into climate justice work. Our thanks go to Fr. France-Williams and the Church of the Ascension for providing this wonderful experience for our students.

School Council Meeting

Our first School Council meeting of the year took place in the Drama Studio last week. There is a representative from each form in our Student Council and it is an excellent opportunity for students to have a voice.

And Finally…

...LRB and Media Manager, Mr Richardson, tells us about our '*I come from'* poem: "If you attended any of our 40th celebration events at the RNCM in July, you will have seen students perform our whole-school *"I come from..."* poem. Staff and students were invited to contribute to a line each to the piece so that together we would create a statement for the Trinity community in this anniversary year. The result is quite wonderful, full of resonances and contrasts, and is a powerful affirmation of both our diversity and our commonality.

Every contributor's name went into a draw to win one of three Chaos Karts experiences. Congratulations and thanks go to these winners and also to everybody else who so generously and thoughtfully gave something of themselves to the project. We intend to make the poem available in print in the coming term."
