SCHOOL AIM

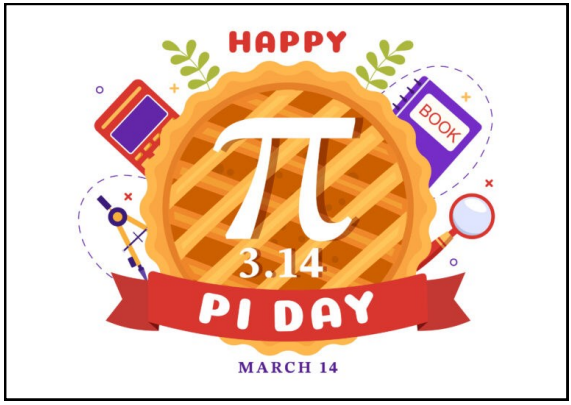
"To provide a Christian environment in which young people are safe, secure, cared for and happy, and are able to develop into articulate, confident and well-qualified citizens of the world."

Celebrating 'Pi Day'

Teacher of Maths, Ms Begum, tells us more:

"On Friday the 14th of March, Trinity celebrated Pi Day! We hosted our annual Pi Day scavenger hunt and Pi recital, as well as a Pi representation competition. This year's recital was won by Alfie in Year 9 who recited 168 digits of Pi, beating his previous record. He was followed by Nathan in Year 13 and Josiah in Year 7 as runners up - well done to all participants.

We had a great number of submissions for the Pi Representation competition, which was a new addition to our celebrations for this year. The winners were Sam and Eva in Year 9, who encoded a secret message with their skills learnt in our Year 9 code breaking club, using a Caesar cipher shifted by the digits of Pi! Our runners up for this competition were Libby, Sophie and Amaya in Year 8 who programmed a micro bit to display the pi symbol and its digits, with a brilliant poem submitted by AY in Year 7 winning 3rd place. The maths team were amazed by the participation and atmosphere during Pi Day by all students and staff!"



Sporting Update

PE Assistant, Mr Bryan, tells us more:

"Last week our Under 18 girls' football team hosted Carihi, a school from Canada. It was a fantastic occasion and experience for both sets of girls. It was a game of very high quality with both teams producing some great moments as Carihi won 2-1. The girls then had some time socialising in a very friendly atmosphere."

Manchester Family Hubs

The Local Authority have shared the following information with Manchester schools about the support that families can receive from the Manchester Family Hubs:

Manchester's Family Hubs support families from a child's conception until they reach 19, or up to 25 if they have a special educational need and/or a disability (SEND). There are currently four Family Hubs:

- Woodville (Cheetham and Crumpsall)
- Longsight (Longsight and Ardwick)
- Gorton Sacred Heart (Gorton, Abbey Hey and Openshaw)
- Crossacres (Wythenshawe)

How Family Hubs can support your families:

- **A digital offer** for families through the Manchester Family Hub website mcrfamilyhubs.com
- **Support for all parents and carers:** healthy lifestyles, parenting, food support, education etc.
- **A range of support all under one roof:** homework clubs, volunteering / work experience opportunities, help to use the internet, and targeted support.
- **Information and advice:** help to apply for school places, after school and holiday schemes, information and advice for families with children with SEND, benefit advice etc.
- **Activities for different ages:** throughout the day, including evenings and weekends, peer support groups, regular fun events, and informal opportunities to meet other families.

Year 8 Parents' Evening

We were delighted to welcome Year 8 parents into school last week to meet with their child's teachers to discuss their progress.

And Finally…

...this week, our school photographer, Mr Richardson, visited our Engineering department to see our students working on some practical elements of their courses.
