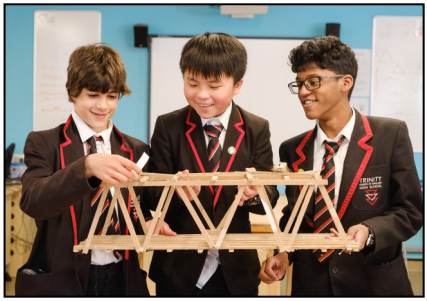
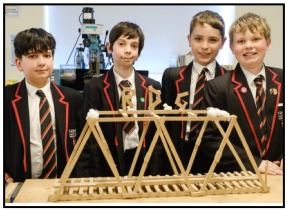
SCHOOL AIM

"To provide a Christian environment in which young people are safe, secure, cared for and happy, and are able to develop into articulate, confident and well-qualified citizens of the world."





Inspiring Engineers

From Head of Engineering, Mr Barnes: "Our Year 7 Inspiring Engineers Club is coming to a completion in the next few weeks. We have been working with a professional engineering company called Mott MacDonald on a 'Disaster Relief' project. Every week since January, a team of mentors from Mott MacDonald have been coming in to school to work with our future engineers on designing and making bridges for an island hit by a natural disaster. The photographs show the teams with their completed bridges. The project will conclude with a test of the bridges to see how much weight they can hold. We will then have a trip to the offices of Mott MacDonald where our students will experience the working environment of professional engineers. The project has been a huge success and has certainly inspired many of our young engineers at Trinity. A massive thanks to Matt and the team at Mott MacDonald."

STEM Awards

Last Thursday evening, we held our annual STEM Awards Evening in school for Years 7 to 10 students. We were delighted to present awards to students for their work in Science, Food and Nutrition, Engineering and Mathematics. Students, parents and staff also enjoyed an inspirational speech from our guest speaker, Prof Andy Weighman, who is a Professor of Medical Mechatronics and an expert in the field of robotics.

Congratulations to all of our award winners!

Debate Mate

Our Debate Mate winning team have been proudly displaying their Debate Mate Cup and medals following their success last month. We now wish them the best of luck as they head to London for the national finals.

Year 7 Parents' Evening

At the end of last month, we welcomed Year 7 parents into school to meet with their child's subject teachers. This was an excellent opportunity for positive and constructive conversations to take place about their first year of secondary school.

Our thanks also go to our Sixth Form prefects team who support events in school like this, including the signing in of parents.

RNCM Anniversary Concert

We are delighted to share these unlisted Youtube links for you to enjoy our recent *Anniversary Concert* at the Royal Northern College of Music. We are so proud of everyone who took part and are sure you will be astounded at the quality and variety of performances from these 200 talented pupils, as well their infectious joy and energy.

And Finally…

...Director of Music, Mrs Madden, tells us all about the recent ABRSM music exam successes: “Several students were successful in their music exams during the Spring Term and we are delighted to celebrate their achievements here. Pictured here are Rosie Y7, Stavroula Y11, Jovi Y7 and Darpana Y9 who did brilliantly in their piano and flute exams. Well done also to Julia Y9, Jacqueline Y9, Aiden Y8 and Barney Y11 who all succeeded in their piano exams. We are very proud of you all.”

Mr Julian Nicholls
