SCHOOL AIM

VOLUME 42, No 22

“To provide a Christian environment in which young people are safe, secure, cared for and happy, and are able to develop into articulate, confident and well-qualified citizens of the world.”

Careers Fair

From Lead Practitioner Work Related Learning, Ms Ripley: “Before half term, we were delighted to welcome both new and returning organisations to our annual Trinity Careers Fair. More than 30 businesses took part, from the Co-op Banking Group to the Royal Air Force. Throughout the day, over 1,150 students visited the fair.

The event offered students the chance to explore a wide variety of career pathways, speak directly with employers, and gain valuable insight into both the local and national job markets.”

UKMT Intermediate Maths Challenge

From Assistant Head of Maths, Ms Williams: "On Wednesday 28th January, it was wonderful to see so many of our students taking part in the UKMT Intermediate Maths Challenge - with a record number participating this year. The competition presents a range of mathematical problems that encourages careful thinking and problem solving. Well done to everyone who took part and approached the challenge with such enthusiasm.

We are very pleased to celebrate this year's achievements, with students earning 10 Gold, 12 Silver and 15 Bronze certificates. Congratulations to Daniel A, David O and William D (Year 9), and Emmanuel A, Francis M and Maryam A (Year 11), who achieved particularly high scores and have qualified for the next round of the competition, the Pink and Grey Kangaroo, which takes place on Thursday 19th March. This is a fantastic accomplishment.

Looking ahead, students in Years 7 and 8 will have the opportunity to take part in the UKMT Junior Maths Challenge on Wednesday 29th April. More information about how to get involved will be shared closer to the date."

Y7 Maths Club

Our Year 7 Maths Club has got off to a brilliant start since launching in January, with many students gaining their 'mathematics badge' and we'd love to see even more students join us. The club runs every fortnight at 3:15pm in MA4 and is all about enjoying maths beyond the classroom.

The students have taken part in a range of activities including puzzles, relay races, UKMT shuttle questions and Tarsia problems. The focus is very much on teamwork, problem-solving and being challenged in a supportive environment. A highlight of the club is the involvement of our Year 11 and Sixth Form volunteers, who support and work alongside the Year 7's. This not only helps build confidence with maths, but also provides a great opportunity to develop positive relationships across the year groups.

New members are always welcome, and we would love to see more Year 7 students come along to the next session!

Y10 Medical Careers Day

From Teacher of Science, Ms Ragunathan: "On Wednesday 4th February a group of Year 10 students with an interest in following a career in Medicine, travelled to St John Rigby College for a Medical Careers Day.

They took part in sessions including Medical Ethics, Emergency Medicine, Diagnostics and Anatomy. During these sessions they got a great insight into what life as a doctor could look like, and they had the opportunity to speak to the current medical students about their experiences of the application process and their University course.

Well done to Darpana, Luna, Sybil, Epiphany, Sushreeka, Alfie and Advent for representing Trinity in an amazing way! "

Y7 Football Update

Our Year 7 boys put in a fantastic performance in their latest TeamMCR league fixture, despite a narrow 5-4 defeat to Didsbury in an action packed and highly competitive match.

The team showed outstanding determination from start to finish, creating numerous chances and pushing their opponents all the way.

On another day, the result could easily have gone in our favour, reflecting the teamwork and effort on display throughout.

Player of the Match was Tamari, whose excellent goal capped off a strong individual performance. A great effort from all involved.

Upcoming Events in School

| Event | Date | Time |
|----------------------------------|--|--------|
| Y8 Parents' Consultation Evening | Thursday, 12 th March, 2026 | 3.50pm |

Candlemas Eucharist

At the end of half term, Father Azariah delivered an encouraging and meaningful message that invited our students to reflect on the Presentation of Jesus at the Temple from Luke 2:22–32. His reflection offered inspiration for our community and was very much appreciated by students and staff.

And Finally ...

...it has been another week full of great Trinity highlights, with sport, our careers fair, maths competitions, and Sixth Form students preparing for medical degree pathways. We also met this week with our Governors, and it was a timely opportunity to give thanks for the dedication of our staff in every role who shape the life of our school each day. As we prayed together, *“Bless their work, refresh their spirits, and let them know they are valued. Amen”* — and without the work of our fantastic team, our newsletter would be very bare indeed!
