VOLUME 35, No 20

SCHOOL AIM

“To provide a Christian environment in which young people are safe, secure, cared for and happy, and are able to develop into articulate, confident and well-qualified citizens of the world.”

Model United Nations Event

From Teacher of Social Sciences, Ms Coxon: “At the end of last month, Mrs Emery and I took seven Sixth Form students to Manchester High School for Girls to participate in their prestigious Model United Nations event. Trinity was given the opportunity to represent Uruguay. Across the weekend, fierce debates were held about current topics affecting countries around the world. The students thoroughly enjoyed themselves with Éilis and Eloghosa even picking up awards for ‘Commendable Delegates’ – an impressive feat for first time debaters! This was a fantastic experience and the students can’t wait to attend more events.”

Primary School Debating Event

On the theme of debating, Assistant Head and Head of English, Ms Kirkham, tells us about a recent primary school debating event:

“On Wednesday, 23rd January, Trinity were delighted to host a debating event. Forty primary pupils, from 4 of our local Teach Manchester primary schools (St Mary's, St Paul's, Ashbury Meadow and Bowker Vale), participated in a range of activities to improve their debating skills. All primary pupils spoke with confidence and were well supported by Trinity students and sixth formers. Thank you to Mrs Emery, Miss Coxon and Miss Holt for leading the activities with such enthusiasm. We look forward to hosting a debate in the Summer term where one primary school will be crowned the debating champions of 2019!”

Spelling Bee

Head of Springbok House, Ms Sussman, tells us about a recent House event : “The Spelling Bee competition took place on Tuesday, 29th January this term with a high turnout from all houses. Victory went to Tiger House - Daniel in Year 10. Second place went to Wallaby House participant Carmen in Year 10, and third place went to Maple House participant Rachel in Year 11. Well done to all those who attended and enjoyed a great event.”

Musical Achievement

Congratulations to Sophia in Year 7 on her recent success in her ABRSM Grade 3 piano exam, in which she achieved a merit grade.

Year 12 Engineers

Year 12 Engineering students are studying failure mechanisms for their BTEC L3 Diploma in Engineering, and recently took a trip to Manchester Airport Runway Park to put the theory into context. Whilst at the park, the students studied the structural design of an AVRO RJX and learned about where potential failures could occur and how design engineers overcome these issues.

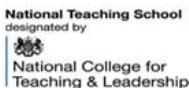

And finally...

...thank you to all parents and students for your cooperation in the school's closure on Wednesday, 30th January, due to the adverse weather conditions. We would like to remind parents the importance of downloading the MyEd app, so that all messages can be communicated as quickly and effectively as possible.

Mr Julian Nicholls
Head

A handwritten signature in black ink, appearing to read 'Julian Nicholls'.
