

### Pupil Premium Allocation Academic Year 2018-19

The Government believes that the Pupil Premium Grant, which is additional to main school funding, is the best way to address the underlying inequalities between children who are disadvantaged in a variety of manners, including eligibility for free school meals (FSM) during their school career, and their peers. This is by ensuring that funding to tackle disadvantage reaches the pupils who need it most. This additional financial strategy continues the principles that successive governments have used to provide additional resources to schools in challenging circumstances over the past 20 years, for instance the Excellence in Cities, Leadership Incentive Grant (LIG) and Greater Manchester Challenge initiatives.

Trinity received approximately £467,500 in Pupil Premium Allocation for the year 2018-19.

Trinity spent a proportion of its 2018-19 Pupil Premium allocation on initiatives related specifically to learning	The school continues to undertake work, including addressing group sizes in core subjects and ensuring continuity of teaching to improve literacy, numeracy and GCSE outcomes. Significant work was undertaken to ensure the progress of Pupil Premium students at GCSE, including the creation of additional tutorial groups focussing largely on English and Maths interventions.
Trinity spent a proportion of its 2018-19 Pupil Premium allocation on initiatives related specifically to social, emotional and behaviour issues	The school has an extensive pastoral team that is established with the additional funding government has made available. This includes pastoral tutors. The school provides a Learning Support Unit that works successfully to reduce exclusions and to integrate students into mainstream lessons, we also provide an Art Psychotherapist to meet the needs of students.  External mentoring and coaching is bought into the school to help students address their needs and to make progress with their learning.  The school has an attendance/punctuality tutor and purchase attendance support from One Education to work with students to address these particular barriers to progress.
Trinity spent a proportion of its 2018-19 Pupil Premium allocation on meeting the educational needs of named Looked After Children (LAC)	The Pupil Premium allocation for individual LAC students is used in a variety of ways, as identified through their Personal Education Plans, including one to one tutoring, paying for residential trips and the provision of computer equipment, that support the young person's progress.

By only assigning a percentage of the costs associated with the additional pastoral roles maintained due to the high number of Pupil Premium students we are acknowledging that even before looking at the proportion of their work that is directly with disadvantaged students there are other aspects to their roles in school.

**2019-20**

We estimate that in 2019-20 Trinity will receive approximately **£422,500** in Pupil Premium Allocation for the year. It is anticipated that these initiatives to reduce the gap in attainment between disadvantaged students and their peers will be developed and maintained through 2019-20.
