VOLUME 36, No 10

SCHOOL AIM

“To provide a Christian environment in which young people are safe, secure, cared for and happy, and are able to develop into articulate, confident and well-qualified citizens of the world.”

Geography in Year 8

From Teacher of Geography, Ms Goulding:

“In Year 8 geography this term, students have been learning about rivers and the way they change landscapes. In particular we have learnt about different landforms created by rivers such as waterfalls and oxbow lakes. Students were asked to make a model demonstrating a drainage basin and all the different landforms found within it. How the students made their models was their choice and they were encouraged to be creative as possible. The class produced some wonderful, very aesthetically pleasing models and have clearly put a lot of effort into making them. Well done to all members of 8AWA.”

Here are some more examples of the work completed by 8AWA in Ms Goulding's Geography class:

Black History Month

Pastoral Tutor, Mr Dennis, and seven students led our assemblies on Black History month last week. Mr Dennis chose the hymn 'Jubilate' - so familiar to the students we sang it without the words on the screen! The assemblies showed how six inspirational black inventors, politicians and academics - including Arthur Lewis, the first black professor in the UK - had made their mark in the world - and the injustice and intolerance that they had to battle. Mr Dennis left us with some powerful words:

“For me, it’s about making your own steps forward in life, so when others look back on history, what will they say about your footsteps, and what will they say about your life and your achievements?”

Sporting Updates

P.E Assistant, Mr Bryan, tells us the most recent sporting news:

“Another good week for our sporting students in both football and basketball:

- The Year 11 boys’ football team had a very close match against Co-op Academy. Both teams showed great passion, desire and flair, with Trinity just edging it 2 - 1.
- Our Under-16 girls’ basketball team started their season with a win. We beat Our Lady’s 50 - 9, showing hard work, determination and skill at the basket.
- Meanwhile, the Under-16 girls’ football team, pictured on the right, showed why they have won the Manchester Cup 4 years in a row. In the quarter finals they showed their class and were very clinical beating Barlow 9 - 0.”

Careers

From Assistant Head, Mr Cann:

“At Trinity we are committed to providing high quality impartial information and guidance linked to careers education and work related learning. We have long established events such as work experience in Year 10 but always strive to identify new ways to open the world of work to our students. I am your point of contact at school and the school website has a vast amount of careers related information (in the “beyond the classroom section”).

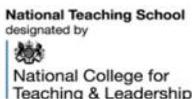

With this in mind, as a school we receive a lot of information from various agencies and companies linked to careers education. If you would like to receive information regarding these opportunities to support your child with the important conversations linked to their futures please contact me on cann_s@trinityhigh.com

And finally...

...on Monday, Tuesday and Wednesday of this week, we held special assemblies to mark Remembrance Day. The assemblies included a 'remember together' video, two performances from the choir and prayers for peace. It is also positive to see our students involved in Remembrance Events in the community, such as Phoenix in Year 8, who is a member of the marine cadets.
