## AIM/PURPOSE

This policy has been developed to ensure that all adults at Trinity are working together to safeguard and promote the welfare of children and young people.

The policy describes the management systems and arrangements in place to create and maintain a safe learning environment for all our children, young people and staff. It identifies actions that should be taken to redress any concerns about child safety and welfare including protecting students and staff from extremist views, vocal or active, which are opposed to fundamental British values. All opinions or behaviours which are contrary to these fundamental values and the ethos of the school will be vigorously challenged.

The Head has the ultimate responsibility for safeguarding and promoting the welfare of children and young people.

Safeguarding and promoting the welfare of children and young people goes beyond implementing basic child protection procedures. It is an integral part of all activities, functions, culture and ethos of Trinity.

Under the Education Act 2011, schools have a duty to safeguard and promote the welfare of their students and, in accordance with guidance set out in 'Working Together to Safeguard Children 2018 (including updates issued from 2018). Trinity will work in partnership with other organisations where appropriate to identify any concerns about child welfare and take action to address them.

## GENERAL PRINCIPLES

Trinity aims to create and maintain a safe learning environment where all students and adults feel safe, secure and valued, and know they will be listened to and taken seriously. Our school is committed to the principles outlined in 'Working Together to Safeguard Children' 2018 and implements policies, practices and procedures which promote safeguarding and the emotional and physical well-being of children, young people and staff in line with 'Keeping Children Safe in Education 2023'.

The school is committed to supporting the delivery of effective early help using The Multi-Agency Levels of Need and Response Framework. The children have access to appropriate curriculum opportunities, including emotional health and well-being, to support the development of the skills needed to help them stay safe and healthy, develop their self-esteem and understand the responsibilities of adult life, particularly in regard to child care and parenting skills.

Trinity will exercise diligence and prevent any organisation or speaker from using the schools facilities to disseminate extremist views or radicalise students and staff.

All allegations that are made on the school site – including any arising from the use of the premises by organisations renting spaces in the Sports Centre or main school on evenings and weekends will be addressed through the appropriate steps in this policy.

## DEFINITIONS

**Safeguarding and promoting the welfare of children** means:

- Protecting children from maltreatment
- Preventing impairment of children's mental and physical health or development
- Ensuring that children grow up in circumstances consistent with the provision of safe and effective care
- Taking action to enable all children to have the best outcomes

**Child protection** is part of this definition and refers to activities undertaken to prevent children suffering, or being likely to suffer, significant harm.

**Abuse** is a form of maltreatment of a child and may involve inflicting harm or failing to act to prevent harm. Appendix 1 explains the different types of abuse.

**Neglect** is a form of abuse and is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Appendix 1 defines neglect in more detail.

**Sharing of nudes and semi-nudes** (also known as sexting or youth produced sexual imagery) is where children share nude or semi-nude images, videos or live streams.

**Children** includes everyone under the age of 18.

The following 3 **safeguarding partners** are identified in Keeping Children Safe in Education (and defined in the Children Act 2004, as amended by chapter 2 of the Children and Social Work Act 2017). They will make arrangements to work together to safeguard and promote the welfare of local children, including identifying and responding to their needs:

- The local authority (LA)
- A clinical commissioning group for an area within the LA

- The chief officer of police for a police area in the LA area

## **SAFEGUARDING AT TRINITY CHURCH OF ENGLAND HIGH SCHOOL**

### **THE CURRICULUM**

All students have access to an appropriate curriculum which is broad, balanced and differentiated. This enables them to learn to develop the necessary skills to build self-esteem, respect others, defend those in need, resolve conflict without resorting to violence, question and challenge and to make informed choices in later life.

Students are encouraged to express and discuss their ideas, thoughts and feelings through a variety of activities and have access to a range of cultural opportunities which promote the fundamental British values of tolerance, respect and empathy for others. There is access to a range of extra-curricular activities, information and materials from a diversity of sources which not only promotes these values but supports the social, spiritual, moral well-being and physical and mental health of the students.

Personal Health and Social Education, Relationships and Sex Education, Citizenship and Religious Education lessons will provide opportunities for students to discuss and debate a range of subjects including lifestyles, forced marriage, family patterns, religious beliefs and practices and human rights issues.

Trinity takes account of the latest advice and guidance provided to help address specific vulnerabilities and forms of exploitation eg Child Sexual Exploitation (CSE), Radicalisation and Extremism, Forced Marriage and Peer on Peer abuse.

All students will know that there are adults in the school who they can approach in confidence if they are in difficulty or feeling worried and that their concerns will be taken seriously and treated with respect.

### **ATTENDANCE, EXCLUSIONS AND SUSPENSIONS**

Trinity views attendance as a safeguarding issue and in accordance with the school's Attendance Policy, absences are rigorously pursued and recorded. The school, in partnership with the appropriate agencies, takes action to pursue and address all unauthorised absences in order to safeguard the welfare of students in its care.

The Attendance Policy identifies how individual cases are managed and how we work proactively with parents/carers to ensure that they understand why attendance is important. In certain cases this may form part of an Early Help Assessment (EHA).

We implement the statutory requirements in terms of monitoring and reporting children missing education (CME) and off-rolling and understand how important this practice is in safeguarding students.

The school will only place young people in alternative educational provision which is a registered provider and has been quality assured. Young people who require access to alternative provision will have a personalised learning plan designed to meet their needs. Their attendance will be monitored by Trinity in accordance with the School Register Regulations.

The designated safeguarding person will be informed when a suspension or permanent exclusion is being discussed and any safeguarding issues will be considered. Where it is felt that a child or young person is likely to be permanently excluded a multi-agency assessment will be instigated to ensure that there is improved understanding of the needs of the young person and their family and that the key agencies are involved.

## **ROLES AND RESPONSIBILITIES**

The Head of Trinity will ensure that:

- The policies and procedures adopted by the Governing Body to safeguard and promote the welfare of students are implemented and followed by staff.
- Safe recruitment and selection of staff and volunteers is practiced.
- A Designated Senior Member of staff for child protection is identified and receives appropriate on-going training, support and supervision.
- Sufficient time and resources are made available to enable the designated member of staff to discharge their responsibilities including attending inter-agency meetings, contributing to the assessment of children and young people, supporting colleagues and delivering training as appropriate.
- Staff and volunteers receive appropriate training which is regularly updated.
- Temporary staff and volunteers are made aware of the school's safeguarding policy and arrangements.
- Staff and volunteers feel safe about raising concerns about poor or unsafe practice in regard to the safeguarding and welfare of the children and young people and such concerns will be addressed sensitively and effectively.
- Parents/carers are aware of and have an understanding of the school's responsibilities to promote the safety and welfare of its students by making its obligations clear in the school/setting prospectus.
- The Safeguarding and Child Protection policy is available on the school's web-site.
- The school co-operates with appropriate agencies and risk based approaches to ensure young people are safeguarded against any potential grooming activities which may attempt to draw them into harmful activities eg CSE and radicalization and extremism.

The Governing Body of the school will ensure that:

- A member of the Governing Body is identified as the designated governor for Safeguarding and receives appropriate training. The identified governor will provide the governing body with appropriate information about safeguarding and will liaise with the designated member of staff.
- A senior member of the school's leadership team is designated to take lead responsibility for safeguarding within the school.
- The school's safeguarding policy is reviewed and updated and the school complies with local safeguarding procedures.
- The school operates safe recruitment and selection practices including appropriate use of references and checks on new staff and volunteers.
- Procedures are in place for dealing with allegations of abuse against members of staff and volunteers and these are in line with Local Authority procedures.
- All staff and volunteers who have regular contact with children and young people receive appropriate training and information about the school's safeguarding processes as part of induction.
- The school co-operates with appropriate agencies and risk based approaches to ensure young people are safeguarded against any potential grooming activities which may attempt to draw them into harmful activities eg CSE and radicalization and extremism.

The Designated Senior Member of Staff for Child Protection is Ms Anna Baxendale, contactable on 0161 212 1925 or alternatively via email on [a.baxendale@trinityhigh.com](mailto:a.baxendale@trinityhigh.com). Ms Baxendale has a specific responsibility for championing the importance of safeguarding and promoting the welfare of students registered in the school. The Designated Person will:

- Act as the first point of contact with regards to all safeguarding matters.
- Attend up-dated training every two years.
- Provide relevant information to the LA on how the school carries out its safeguarding duties and comply with their safeguarding audit process.
- Provide support and training for staff and volunteers
- Ensure that the schools actions are in line with the MCSB Safeguarding Inter-Agency Procedures.
- Support staff to make effective referrals to the Children and Families Services and any other agencies where there are concerns about the welfare of a child.
- Keep copies of all referrals to Children and Families Services and any other agencies related to safeguarding children.
- Ensure that staff and volunteers receive information on safeguarding policies and procedures from the point of induction.
- Ensure that staff with specific responsibility for safeguarding children receive the appropriate training to undertake this role.
- Manage and keep secure the school's safeguarding records.
- Ensure that staff and volunteers understand and are aware of the school's reporting and recording procedures and are clear about what to do if they have a concern about a student.
- Liaise with the Head about any safeguarding issues.
- Ensure that the Safeguarding Policy is reviewed and up-dated.
- Keep up to date with changes in local policy and procedures and are aware of any guidance issued by the DfE concerning Safeguarding.
- Understand the schools filtering and monitoring systems and act upon instances where concerns are raised about IT use.
- Send a student's child protection or safeguarding file separately from the main file to a new establishment if a student leaves the school and keep a copy of the file.
- During term time, the designated safeguarding lead and or a deputy should always be available (during school or college hours) for staff in the school or college to discuss any safeguarding concerns. It is a matter for individual schools and colleges and the designated safeguarding lead to arrange adequate and appropriate cover arrangements for any out of hours/out of term activities.
- In addition to their formal training, as set out above, their knowledge and skills should be updated, (for example via e-bulletins, meeting other designated safeguarding leads, or taking time to read and digest safeguarding developments), at regular intervals, but at least annually, to keep up with any developments relevant to their role.

## **SAFE RECRUITMENT AND SELECTION OF STAFF**

The school's recruitment and selection policies and processes adhere to the DfE guidance "Keeping Children Safe in Education" September 2023.

The Safer Recruitment Policy at Trinity explains the recruitment processes for new staff.

## **Existing staff**

In certain circumstances we will carry out all the relevant checks on existing staff as if the individual was a new member of staff. These circumstances are when:

- There are concerns about an existing member of staff's suitability to work with children; or
- An individual moves from a post that is not regulated activity to one that is; or
- There has been a break in service of 12 weeks or more.

We will refer to the DBS anyone who has harmed, or poses a risk of harm, to a child or vulnerable adult where:

- We believe the individual has engaged in relevant conduct; or
- We believe the individual has received a caution or conviction for a relevant (automatic barring either with or without the right to make representations) offence, under the Safeguarding Vulnerable Groups Act 2006 (Prescribed Criteria and Miscellaneous Provisions) Regulations 2009; or
- We believe the 'harm test' is satisfied in respect of the individual (ie they may harm a child or vulnerable adult or put them at risk of harm); and
- The individual has been removed from working in regulated activity (paid or unpaid) or would have been removed if they had not left

## **Agency and third-party staff**

We will obtain written notification from any agency or third-party organisation that it has carried out the necessary safer recruitment checks that we would otherwise perform. We will also check that the person presenting themselves for work is the same person on whom the checks have been made.

## **Contractors**

We will ensure that any contractor, or any employee of the contractor, who is to work at the school has had the appropriate level of DBS check (this includes contractors who are provided through a PFI or similar contract). This will be:

- An enhanced DBS check with barred list information for contractors engaging in regulated activity
- An enhanced DBS check, not including barred list information, for all other contractors who are not in regulated activity but whose work provides them with an opportunity for regular contact with children.

We will obtain the DBS check for self-employed contractors. We will not keep copies of such checks for longer than 6 months.

Contractors who have not had any checks will not be allowed to work unsupervised or engage in regulated activity under any circumstances.

We will check the identity of all contractors and their staff on arrival at the school.

## **Trainee/student teachers**

Where applicants for initial teacher training are salaried by us, we will ensure that all necessary checks are carried out.

Where trainee teachers are fee-funded, we will obtain written confirmation from the training provider that necessary checks have been carried out and that the trainee has been judged by the provider to be suitable to work with children.

## **Volunteers**

We will:

- Never leave an unchecked volunteer unsupervised or allow them to work in regulated activity;
- Obtain an enhanced DBS check with barred list information for all volunteers who are new to working in regulated activity;
- Carry out a risk assessment when deciding whether to seek an enhanced DBS check without barred list information for any volunteers not engaging in regulated activity. We will retain a record of this risk assessment.

## **Governors**

All governors will have an enhanced DBS check without barred list information. They will have an enhanced DBS check with barred list information if working in regulated activity.

The chair of the board will have their DBS check countersigned by the secretary of state.

All proprietors, trustees, local governors and members will also have the following checks:

- A section 128 check (to check prohibition on participation in management under section 128 of the Education and Skills Act 2008 if they have retained or been delegated any management responsibilities
- Identity
- Right to work in the UK
- Other checks deemed necessary if they have lived or worked outside the UK

## **Adults who supervise pupils on work experience**

When organising work experience, we will ensure that policies and procedures are in place to protect children from harm.

We will also consider whether it is necessary for barred list checks to be carried out on the individuals who supervise a pupil under 16 on work experience. This will depend on the specific circumstances of the work experience, including the nature of the supervision, the frequency of the activity being supervised, and whether the work is regulated activity.

## **Pupils staying with host families**

Where the school makes arrangements for pupils to be provided with care and accommodation by a host family to which they are not related (for example, during a foreign exchange visit), we will request enhanced DBS checks with barred list information on those people.

Where the school is organising such hosting arrangements overseas and host families cannot be checked in the same way, we will work with our partner schools abroad to ensure that similar assurances are undertaken prior to the visit.

## **WORKING WITH OTHER AGENCIES**

Trinity has developed effective links with other relevant agencies and co-operates as required with enquiries regarding child protection issues. The school will notify social care if:

- A child subject to a child protection plan is about to be permanently excluded.
- There is an unexplained absence of a student who is subject to a child protection of more than two days from school.
- It has been agreed as part of any child protection plan or core group plan.

## **CONFIDENTIALITY AND INFORMATION SHARING**

Staff ensure that confidentiality protocols (e.g. GDPR) are followed and information is shared appropriately. The Head or Designated Member of Staff discloses any information about a student to other members of staff on a need to know basis only.

Staff and volunteers must understand that they have a professional responsibility to share information with other agencies in order to safeguard children. Staff and volunteers must be clear with children that they cannot promise to keep secrets.

Fears about sharing information must not be allowed to stand in the way of the need to promote the welfare, and protect the safety, of children.

## **TRAINING FOR STAFF AND VOLUNTEERS**

In accordance with “Keeping children safe in education – September 2023” all staff will receive training at induction.

All staff should receive appropriate child protection training which includes basic safeguarding information about the school’s policies and procedures, signs and symptoms of abuse (emotional and physical), indicators of vulnerability to radicalisation, how to manage a disclosure from a child as well as when and how to record a concern about the welfare of a child.

The Designated Person for Safeguarding will receive refresher training every two years. All staff will receive appropriate child protection training which is regularly updated.

All staff will receive training or briefings on particular safeguarding issues, for example, Guns and Gangs, Forced Marriage, Female Genital Mutilation, Domestic Abuse and Child Sexual Exploitation, E-Safety, Preventing Violent Extremism. In 2023, staff will be trained to be more aware of the risks to some children online and

In addition all staff members should receive regular safeguarding and child protection updates (for example, via email, e-bulletins, staff meetings) as required, but at least termly, to provide them with relevant skills and knowledge to safeguard children effectively.

## **RECORDING AND REPORTING CONCERNS (Staff, volunteers and visitors)**

Staff, volunteers and visitors have a responsibility to report any concerns about the welfare and safety of a child and all such concerns must be taken seriously. If a concern arises staff, volunteers and visitors must:

- Speak to the Designated Person or the person who acts in their absence
- Agree with this person what action should be taken, by whom and when it will be reviewed
- Record the concern using the school’s safeguarding recording system and procedures outlined in the Child Protection section of the policy (page 11).

## **IF A CHILD MAKES A DISCLOSURE TO YOU**

If a child discloses a safeguarding issue to you, you should:

- Listen to and believe them. Allow them time to talk freely and do not ask leading questions
- Stay calm and do not show that you are shocked or upset
- Tell the child they have done the right thing in telling you. Do not tell them they should have told you sooner
- Explain what will happen next and that you will have to pass this information on. Do not promise to keep it a secret
- Write up your conversation as soon as possible in the child's own words. Stick to the facts, and do not put your own judgement on it
- Sign and date the write-up and pass it on either to the DSL (if urgent) or via CPOMS if appropriate. Alternatively, if appropriate, make a referral to children's social care and/or the police directly, and tell the DSL as soon as possible that you have done so. Aside from these people, do not disclose the information to anyone else unless told to do so by a relevant authority involved in the safeguarding process

## **RECORD-KEEPING**

We will hold records in line with our records retention schedule.

All safeguarding concerns, discussions, decisions made and the reasons for those decisions, must be recorded in writing. If you are in any doubt about whether to record something, discuss it with the DSL.

Records will include:

- A clear and comprehensive summary of the concern
- Details of how the concern was followed up and resolved
- A note of any action taken, decisions reached and the outcome

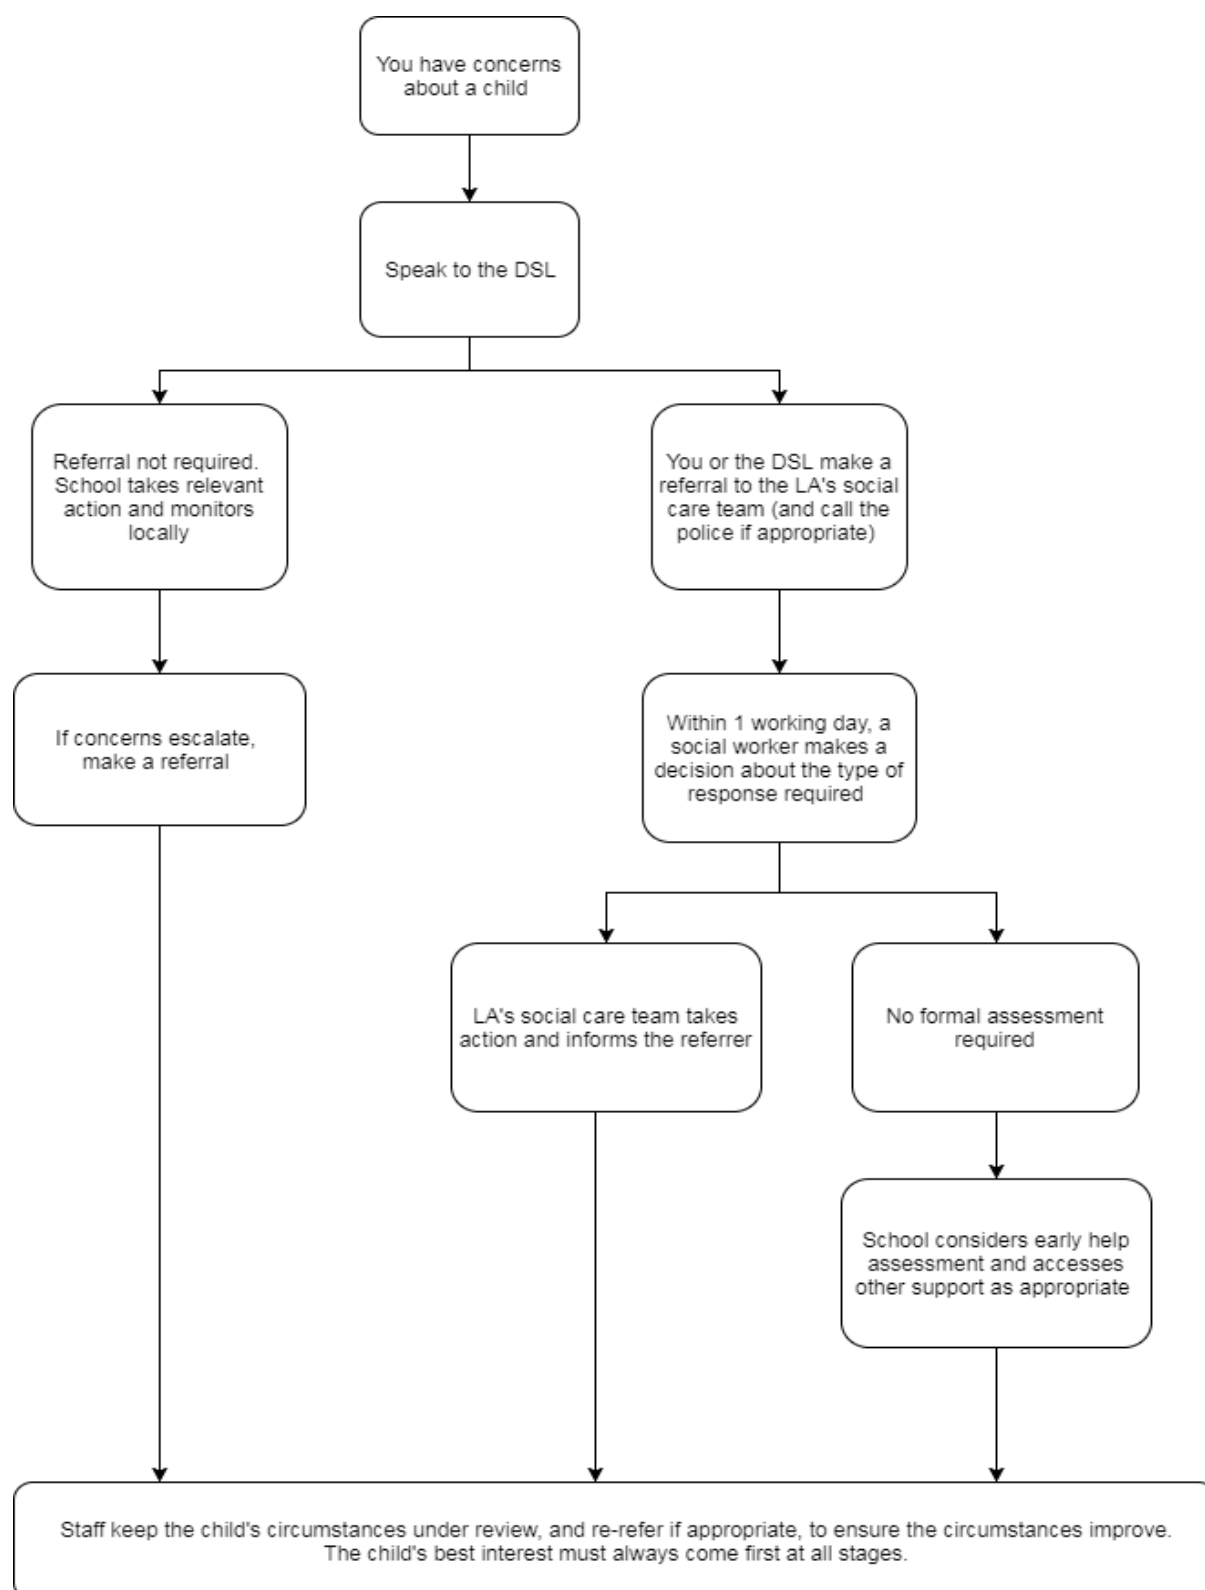

Concerns and referrals will be kept in a separate child protection file for each child.

Any non-confidential records will be readily accessible and available. Confidential information and records will be held securely and only available to those who have a right or professional need to see them.

Safeguarding records which contain information about allegations of sexual abuse will be retained for the Independent Inquiry into Child Sexual Abuse (IICSA), for the term of the inquiry.

If a child for whom the school has, or has had, safeguarding concerns moves to another school, the DSL will ensure that their child protection file is forwarded promptly and securely, and separately from the main pupil file. In addition, if the concerns are significant or complex, and/or social services are involved, the DSL will speak to the DSL of the receiving school and provide information to enable them to have time to make any necessary preparations to ensure the safety of the child.

**Figure 1: procedure if you have concerns about a child's welfare (as opposed to believing a child is suffering or likely to suffer from harm, or in immediate danger)**

## **VULNERABLE GROUPS**

We ensure all key staff work together to safeguard vulnerable children through weekly Vulnerable Children's meetings and information shared on CPOMS (safeguarding and child protection software for schools).

Any child may benefit from early help at times, but all staff will be particularly alert to the potential need for early help for a child who:

- Have special educational needs (SEN) or disabilities or health conditions
- Are young carers
- May experience discrimination due to their race, ethnicity, religion, gender identification or sexuality
- Have English as an additional language
- Are known to be living in difficult situations – for example, temporary accommodation or where there are issues such as substance abuse or domestic violence
- Are at risk of FGM, sexual exploitation, forced marriage, or radicalisation
- Are asylum seekers
- Are at risk due to either their own or a family member's mental health needs
- Are looked after or previously looked after
- 
- Are missing from education.
- Whose parent/carer has expressed an intention to remove them from school to be home educated

Children with special educational needs (SEN) and disabilities can face additional safeguarding challenges. All staff are aware that additional barriers can exist when recognising abuse and neglect in this group of children. These can include assumptions that indicators of possible abuse such as behaviour and injury relate to the child's disability without further exploration, being more prone to peer group isolation, the potential for being disproportionately impacted by behaviours such as bullying without outwardly showing any signs, and communication barriers and difficulties in overcoming these barriers.

## **LOOKED-AFTER AND PREVIOUSLY LOOKED-AFTER CHILDREN**

We will ensure that staff have the skills, knowledge and understanding to keep looked-after children and previously looked-after children safe. In particular, we will ensure that:

- Appropriate staff have relevant information about children's looked after legal status, contact arrangements with birth parents or those with parental responsibility, and care arrangements
- The DSL has details of children's social workers and relevant virtual school heads

We have appointed a designated teacher, Anna Baxendale, who is responsible for promoting the educational achievement of looked-after children and previously looked-after children in line with statutory guidance.

The designated teacher is appropriately trained and has the relevant qualifications and experience to perform the role.

As part of their role, the designated teacher will:

- Ensure that any safeguarding concerns regarding looked-after and previously looked-after children are quickly and effectively responded to
- Work with virtual school heads to promote the educational achievement of looked-after and previously looked-after children, including discussing how pupil premium plus funding can be best used to support looked-after children and meet the needs identified in their personal education plans

## **PUPILS WITH A SOCIAL WORKER**

Pupils may need a social worker due to safeguarding or welfare needs. We recognise that a child's experiences of adversity and trauma can leave them vulnerable to further harm as well as potentially creating barriers to attendance, learning, behaviour and mental health.

The DSL and all members of staff will work with and support social workers to help protect vulnerable children.

Where we are aware that a pupil has a social worker, the DSL will always consider this fact to ensure any decisions are made in the best interests of the pupil's safety, welfare and educational outcomes. For example, it will inform decisions about:

- Responding to unauthorised absence or missing education where there are known safeguarding risks
- The provision of pastoral and/or academic support

## **INFORMING PARENTS/CARERS**

Our approach to working with parents/carers is one of transparency and honesty and our responsibility is to safeguard and promote the welfare of all the children in our care. We aim to do this in partnership with our parents/carers. In most cases parents and carers will be informed when concerns are raised about the safety and welfare of their child. Parents and carers should be given the opportunity to address any concerns raised.

Parents and carers will be informed if a referral is to be made to the Children's Social Care Service or any other agency.

Parents/carers will not be informed if it is believed that by doing so would put the child at risk. In such cases the Designated Person or Head will seek advice from Children's Social Care.

## **DOMESTIC ABUSE**

The school is aware that students' people's development, as well as their social and emotional resilience, is affected by many factors including exposure to domestic abuse within the family situation and is a safeguarding issue.

Children and young people react to domestic abuse in similar ways to other types of abuse and trauma.

Information about domestic abuse and its effect upon children and young people will be incorporated into staff Safeguarding and Child Protection training and briefings and the school's Safeguarding and Child Protection's Policies and Procedures will be used to protect children and young people exposed to, and at risk from, domestic abuse.

Any child or young person thought to be at immediate risk will be reported to the police service as a 999 emergency and the Manchester Children's Service contact Centre will be contacted as soon as possible.

## **FORCED MARRIAGE**

Forced Marriage became a criminal offence in June 2014. It is a form of child, adult and domestic abuse and, in line with statutory guidance, is treated as such by this school. The school is sensitive to differing family patterns and lifestyles and child-rearing patterns that vary across different racial, ethnic and cultural groups. Child abuse cannot be condoned for religious or cultural reasons.

Information about Forced Marriage will be incorporated into staff Safeguarding and Child Protection training and briefings and the school's Safeguarding and Child Protection Policies will be used to protect a victim or potential victim of forced marriage.

If a case of forced marriage is suspected it will be viewed as a safeguarding concern, parents and carers will not be approached or involved about a referral to any other agencies.

## **FEMALE GENITAL MUTILATION**

Female Genital Mutilation (FGM) is an illegal in the United Kingdom and is a violation of human rights of girls and women. Information on FGM will be incorporated into staff Safeguarding and Child Protection training and briefings.

The Serious Crime Act 2015 strengthened further the legislation on FGM and now includes a new statutory duty placed on professionals (including teachers) to notify the police directly and immediately when they discover that FGM appears to have been carried out on a girl under 18.

Further statutory guidance has been issued under Section 5c (1) of the Female Genital Mutilation Act 2003 "Multi Agency Statutory Guidance on Female Genital Mutilation – April 2016"

## **PREVENTING RADICALISATION and VIOLENT EXTREMISM**

Protecting children from the risk of radicalisation is seen as part of Trinity's wider safeguarding duties, It is acknowledged that it is similar in nature to protecting children from other forms of harm and abuse and the importance of early intervention by our school. We follow the guidance set out in Keeping Children Safe in Education 2023.

Trinity can produce evidence to show fulfilment of the Prevent duty in the 5 duty areas (Leadership and Management, Risk Assessment, Working in Partnership, Staff Training, IT Policies). We also support our children to be resilient against radicalisation.

We have named leads for Prevent on the schools SLT. Prevent is part of the safeguarding role of our Designated Safeguarding Lead. We work in partnership with others including the Local Authority and Manchester Safeguarding Children Board (MSCB) to share concerns and improve practice in this area. We regularly review our IT policies in school to ensure that IT

use across the school is safe. Children and young people are supported to know how to stay safe on line and when accessing social media both in and out of school.

Staff training and knowledge on Prevent is regularly reviewed and monitored. Staff in this school are aware that Radicalisation refers to the process by which a person comes to support terrorism and forms of extremism. Staff know that there is no single way of identifying an individual who is likely to be susceptible to an extremist ideology but they are alert to the signs and changes of behaviour which may be indicators. Staff are confident to challenge and support young people who may be vulnerable. Staff also know what to do if they have concerns that a young person is being radicalised.

School actively builds students resilience to radicalisation through the curriculum and a whole school ethos which promotes British values, including democracy, the rule of law, individual liberty and mutual respect and tolerance of different faiths and beliefs.

Trinity seeks to have effective engagement with parents and families in order to work in partnership to protect our children and young people.

### **IF YOU HAVE A MENTAL HEALTH CONCERN**

Mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation.

Staff will be alert to behavioural signs that suggest a child may be experiencing a mental health problem or be at risk of developing one.

If you have a mental health concern about a child that is also a safeguarding concern, take immediate action by following the schools reporting system.

If you have a mental health concern that is **not** also a safeguarding concern, speak to the DSL to agree a course of action.

### **SHARING OF NUDES AND SEMI-NUDES ('SEXTING')**

#### **Your responsibilities when responding to an incident**

If you are made aware of an incident involving the consensual or non-consensual sharing of nude or semi-nude images/videos (also known as 'sexting' or 'youth produced sexual imagery'), you must report it to the DSL immediately.

You must **not**:

- View, copy, print, share, store or save the imagery yourself, or ask a pupil to share or download it (if you have already viewed the imagery by accident, you must report this to the DSL)
- Delete the imagery or ask the pupil to delete it
- Ask the pupil(s) who are involved in the incident to disclose information regarding the imagery (this is the DSL's responsibility)
- Share information about the incident with other members of staff, the pupil(s) it involves or their, or other, parents and/or carers
- Say or do anything to blame or shame any young people involved

You should explain that you need to report the incident, and reassure the pupil(s) that they will receive support and help from the DSL.

#### **Initial review meeting**

Following a report of an incident, the DSL will hold an initial review meeting with appropriate school staff – this may include the staff member who reported the incident and the safeguarding or leadership team that deals with safeguarding concerns. This meeting will consider the initial evidence and aim to determine:

- Whether there is an immediate risk to pupil(s)
- If a referral needs to be made to the police and/or children's social care
- If it is necessary to view the image(s) in order to safeguard the young person (in most cases, images or videos should not be viewed)
- What further information is required to decide on the best response
- Whether the image(s) has been shared widely and via what services and/or platforms (this may be unknown)
- Whether immediate action should be taken to delete or remove images or videos from devices or online services
- Any relevant facts about the pupils involved which would influence risk assessment
- If there is a need to contact another school, college, setting or individual
- Whether to contact parents or carers of the pupils involved (in most cases parents/carers should be involved)

The DSL will make an immediate referral to police and/or children's social care if:

- The incident involves an adult
- There is reason to believe that a young person has been coerced, blackmailed or groomed, or if there are concerns about their capacity to consent (for example owing to special educational needs)
- What the DSL knows about the images or videos suggests the content depicts sexual acts which are unusual for the young person's developmental stage, or are violent
- The imagery involves sexual acts and any pupil in the images or videos is under 13
- The DSL has reason to believe a pupil is at immediate risk of harm owing to the sharing of nudes and semi-nudes (for example, the young person is presenting as suicidal or self-harming)

If none of the above apply then the DSL, in consultation with the headteacher and other members of staff as appropriate, may decide to respond to the incident without involving the police or children's social care. The decision will be made and recorded in line with the procedures set out in this policy.

### **Further review by the DSL**

If at the initial review stage a decision has been made not to refer to police and/or children's social care, the DSL will conduct a further review to establish the facts and assess the risks. They will hold interviews with the pupils involved (if appropriate).

If at any point in the process there is a concern that a pupil has been harmed or is at risk of harm, a referral will be made to children's social care and/or the police immediately.

### **Informing parents/carers**

The DSL will inform parents/carers at an early stage and keep them involved in the process, unless there is a good reason to believe that involving them would put the pupil at risk of harm.

### **Referring to the police**

If it is necessary to refer an incident to the police, this will be done through liaising with our School's Police Officer or by reporting directly to 101.

### **Recording incidents**

All incidents of sharing of nudes and semi-nudes, and the decisions made in responding to them, will be recorded.

### **Curriculum coverage**

Pupils are taught about the issues surrounding the sharing of nudes and semi-nudes as part of our [relationships education / relationships and sex education – delete as applicable] and computing programmes. Teaching covers the following in relation to the sharing of nudes and semi-nudes:

What it is

- How it is most likely to be encountered
- The consequences of requesting, forwarding or providing such images, including when it is and is not abusive and when it may be deemed as online sexual harassment
- Issues of legality
- The risk of damage to people's feelings and reputation

Pupils also learn the strategies and skills needed to manage:

- Specific requests or pressure to provide (or forward) such images
- The receipt of such images

This policy on the sharing of nudes and semi-nudes is also shared with pupils so they are aware of the processes the school will follow in the event of an incident.

## **E-SAFETY**

### **Online safety and the use of mobile technology**

We recognise the importance of safeguarding children from potentially harmful and inappropriate online material, and we understand that technology is a significant component in many safeguarding and wellbeing issues.

To address this, our school aims to:

- Have robust processes in place to ensure the online safety of pupils, staff, volunteers and governors
- Protect and educate the whole school community in its safe and responsible use of technology, including mobile and smart technology (which we refer to as 'mobile phones')
- Set clear guidelines for the use of mobile phones for the whole school community

- Establish clear mechanisms to identify, intervene in and escalate any incidents or concerns, where appropriate

### **The 4 key categories of risk**

Our approach to online safety is based on addressing the following categories of risk:

- **Content** – being exposed to illegal, inappropriate or harmful content, such as pornography, fake news, racism, misogyny, self-harm, suicide, anti-Semitism, radicalisation and extremism
- **Contact** – being subjected to harmful online interaction with other users, such as peer-to-peer pressure, commercial advertising and adults posing as children or young adults with the intention to groom or exploit them for sexual, criminal, financial or other purposes
- **Conduct** – personal online behaviour that increases the likelihood of, or causes, harm, such as making, sending and receiving explicit images (e.g. consensual and non-consensual sharing of nudes and semi-nudes and/or pornography), sharing other explicit images and online bullying; and
- **Commerce** – risks such as online gambling, inappropriate advertising, phishing and/or financial scams

### **To meet our aims and address the risks above we will:**

- Educate pupils about online safety as part of our curriculum. For example:
  - The safe use of social media, the internet and technology
  - Keeping personal information private
  - How to recognise unacceptable behaviour online
  - How to report any incidents of cyber-bullying, ensuring pupils are encouraged to do so, including where they are a witness rather than a victim
- Train staff, as part of their induction, on safe internet use and online safeguarding issues including cyber-bullying and the risks of online radicalisation. All staff members will receive refresher training at least once each academic year
- Educate parents/carers about online safety via our website, communications sent directly to them and during parents' evenings. We will also share clear procedures with them so they know how to raise concerns about online safety
- Make sure staff are aware of any restrictions placed on them with regards to the use of their mobile phone and cameras, for example that:
  - Staff are allowed to bring their personal phones to school for their own use, but will limit such use to non-contact time when pupils are not present
  - Staff will not take pictures or recordings of pupils on their personal phones or cameras unless it is part of their work. Any such recordings must be deleted after use.
- Make all pupils, parents/carers, staff, volunteers and governors aware that they are expected to sign an agreement regarding the acceptable use of the internet in school, use of the school's ICT systems and use of their mobile and smart technology
- Explain the sanctions we will use if a pupil is in breach of our policies on the acceptable use of the internet and mobile phones
- Make sure all staff, pupils and parents/carers are aware that staff have the power to search pupils' phones, as set out in the DfE's guidance on searching, screening and confiscation

- Put in place robust filtering and monitoring systems to limit children's exposure to the 4 key categories of risk (described above) from the school's IT systems
- Carry out an annual review of our approach to online safety, supported by an annual risk assessment that considers and reflects the risks faced by our school community

## **CHILD PROTECTION CONFERENCES AND CORE GROUP MEETINGS**

Members of staff are likely to be asked to attend a child protection conference or other relevant core group meetings about an individual student and will need to have as much relevant updated information as possible. A child protection conference will be held if it is considered that the child/children are suffering or at risk of significant harm.

All reports for a child protection conference should be prepared in advance of the meeting and will include information about the student's physical, emotional, intellectual development and well-being as well as relevant family related issues. This information will be shared with the parents/carers.

## **MANAGING ALLEGATIONS AND CONCERNS AGAINST STAFF AND VOLUNTEERS**

The school follows the government guidance 'Keeping children safe in education – September 2023' when dealing with allegations made against staff and volunteers.

All allegations made against a member of staff and volunteers, including contractors or security staff working on site, will be dealt with quickly and fairly and in a way that provides effective protection for the child while at the same time providing support for the person against whom the allegation is made.

## **COMPLAINTS OR CONCERNS BY STUDENTS, STAFF OR VOLUNTEERS**

Any concern or expression of disquiet made by a student will be listened to seriously and acted upon as quickly as possible to safeguard his or her welfare.

We will make sure that the student or adult who has expressed the concern or made the complaint will be informed not only about the action to be taken but also where possible about the length of time required to resolve the complaint. We will endeavour to keep the student or adult informed about the progress of the complaint/expression of concern.

## **SERIOUS CASE REVIEWS**

The Manchester Safeguarding Children Board will always undertake a serious case review when a child or young person dies and abuse or neglect is known or suspected to be a factor in their death. The purpose of the serious case review is to:

- Find out if there are any lessons to be learnt from the case about how local professionals and agencies work together to safeguard and promote the welfare of children and young people.
- Identify what those lessons are, how they will be acted on and what is expected to change as a result of the serious case review.

- Improve inter-agency working to better safeguard and promote the welfare of children and young people.
- If required Trinity will provide an individual management report for a serious case review and will cooperate fully with implementing outcomes of the review including reviewing policy, practice and procedures as required.

## **CHILD ON CHILD**

Through training we ensure that all staff recognise that children are capable of abusing their peers. The senior leadership team and governing body are responsible for ensuring that procedures exist to minimise the risk of child on child abuse and consider how allegations of child on child abuse will be investigated and dealt with. There is a clear procedure on how victims of child on child abuse will be supported (see Child protection section of policy on page 11).

All staff are aware of peer on peer abuse. This is most likely to include, but not limited to, bullying (including cyber bullying), gender-based violence, sexual violence and sexual harassment, up skirting (which is now a criminal offence), physical abuse such as hitting, kicking, shaking, biting, pulling hair, sexting and initiating/instigating violence and rituals. These issues will be addressed through our school/sixth form curriculum and through discussions with the school's Pastoral team.

All staff are expected to refer to HM Government guidance 'What to do if you're worried a child is being abused – Advice for practitioners' for further help in identifying signs and symptoms of child abuse and neglect. Staff can find this guidance can be found on 'Sharepoint'. Staff members who are concerned that a child might have been / being abused by another child should follow safeguarding and child protection procedures and report to the DSL.

In respect of sexual violence and sexual harassment between children, the school/college takes a proactive approach to prevent such incidents from taking place. Throughout school/sixth form, safeguarding is taught as part of our curriculum. We appreciate that whilst adults in school are working hard to keep children safe, children also play a large part in keeping themselves and their peers safe from abuse and neglect. An age-appropriate curriculum is rolled out in school to build capacity amongst our students in their understanding of particular issues, and what actions they can take to be safe.

We incorporate healthy relationships, people who help us, British values etc. in to our curriculum time in an age appropriate way for the year groups in school. Also from September 2020 we have included Relationships and Sex Education (RSE) and Health Education in the school timetable, in line with DfE guidance and the national curriculum.

Students are taught to understand the issue and meaning of consent as delivered in the RSHE curriculum. Students will be made aware of what constitutes unreasonable pressure from peers to engage in risk-taking or inappropriate behaviour, and of how to report their concerns. Allegations of abuse by a peer will be treated as seriously as allegations of abuse from an adult, it should never be dismissed as normal behaviour.

Robust systems have been established in school for dealing with safeguarding concerns. All allegations of abuse and neglect, whether suspected or known will be treated seriously and in confidentially. Abuse is abuse and should never be tolerated or passed off as "banter", "just having a laugh" or "part of growing up". We will respond and manage any reports of sexual violence and/or sexual harassment in line with guidance added to KCSIE 2020.

When incidents of sexual violence and sexual harassment occur the schools response is ultimately decided on a case-by-case basis, with the designated safeguarding lead (or a deputy) taking the lead role, using their professional judgement. Incidents of child on child abuse may need to be dealt with in various ways. Incidents of bullying will be dealt with via the schools anti-bullying policy and/or behaviour policy. Incidents which take place outside of school may need to be addressed in school however the school are clear that where professional advice needs to be sought from external partners, it will be. The schools Designated Safeguarding Lead will consult children's social care on matters relating to the safety and welfare of a child and will consult the police in respect of matters relating to a possible crime. The school will put a proportionate and supportive package of care in place for those affected.

There are four likely scenarios the DSL will consider when managing any reports of sexual violence and/or sexual harassment.

#### 1. Manage internally:

- In some cases of sexual harassment, for example, one-off incidents, the school may take the view that the children concerned are not in need of early help or statutory intervention and that it would be appropriate to handle the incident internally, perhaps through utilising their behaviour policy and by providing pastoral support.
- Whatever the school's response, it will be underpinned by the principle that sexual violence and sexual harassment is never acceptable and will not be tolerated.
- All concerns, discussions, decisions and reasons for decisions will be recorded (written or electronic).

#### 2. Early help

- In line with 1 above, the school may decide that the children involved do not require statutory interventions, but may benefit from a referral to Early Help.

#### 3. Referrals to children's social care

- Where a child has been harmed, is at risk of harm, or is in immediate danger, the DSL will make a referral to local children's social care.
- At the referral to children's social care stage, the DSL will generally inform parents or carers, unless there are compelling reasons not to (if informing a parent or carer is going to put the child at additional risk). Any such decision will be made with the support of children's social care.
- Where statutory assessments are appropriate, the DSL will be working alongside, and cooperating with, the relevant lead social worker.

#### 4. Reporting to the Police

- Any report to the police will generally be in parallel with a referral to children's social care (as above).
- Where a report of rape, assault by penetration or sexual assault is made, the starting point is this will be passed on to the police.
- At this stage, the DSL will generally inform parents or carers unless there are compelling reasons not to, for example, if informing a parent or carer is likely to put a child at additional risk. In circumstances where parents or carers have not been informed, the school will be supporting the child in any decision they take. This will be with the support of children's social care and any appropriate specialist agencies.

- Where a report has been made to the police, the school will consult the police and agree what information can be disclosed to staff and others, in particular, the alleged perpetrator and their parents or carers. The DSL will also discuss the best way to protect the victim and their anonymity.

School leaders are aware that detailed advice to support schools and colleges has been published. The advice is available and includes, what sexual violence and sexual harassment look like, important context to be aware of, related legal responsibilities for schools and sixth form and advice on a whole school approach to preventing child on child sexual violence and sexual harassment.

We will minimise the risk of child on child abuse by challenging any form of derogatory or sexualised language or behaviour, including requesting or sending sexual images. Being vigilant to issues that particularly affect different genders – for example, sexualised or aggressive touching or grabbing towards female pupils, and initiation or hazing type violence with respect to boys. Ensuring our curriculum helps to educate pupils about appropriate behaviour and consent. Ensuring staff are trained to understand that a pupil harming a peer could be a sign that the child is being abused themselves, and that this would fall under the scope of this policy.

Pupils know they can talk to staff confidentially by speaking to their form tutor, pastoral team, DSL or accessing the School Help Advice Reporting Page System (SHARP) on the school website. The procedures outlined in the Child Protection section of the policy will then be followed (page 11).

## **VISITORS**

Visitors, including visiting speakers, are subject to the school's safeguarding protocols while on site and will be supervised at all times.

## **MONITORING AND EVALUATION**

This is undertaken by the relevant senior staff, especially the Assistant Head with responsibility for Safeguarding and Child Protection in liaison with the Deputy Head (Pastoral Support and Student Standards) and the Head. Changes to the policy will be approved by the Governors' Pastoral and Ethos Committee and ratified by the Full Governing Body.

**These appendices are based on the Department for Education's statutory guidance, Keeping Children Safe in Education.**

## Appendix 1: types of abuse

**Abuse**, including neglect, and safeguarding issues are rarely standalone events that can be covered by one definition or label. In most cases, multiple issues will overlap.

**Physical abuse** may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

**Emotional abuse** is the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

Emotional abuse may involve:

- Conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person
- Not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate
- Age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction
- Seeing or hearing the ill-treatment of another
- Serious bullying (including cyber-bullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children

**Sexual abuse** involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve:

- Physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing
- Non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet)

Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

**Neglect** is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse.

Once a child is born, neglect may involve a parent or carer failing to:

- Provide adequate food, clothing and shelter (including exclusion from home or abandonment)
- Protect a child from physical and emotional harm or danger
- Ensure adequate supervision (including the use of inadequate care-givers)
- Ensure access to appropriate medical care or treatment

It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

## Appendix 2: allegations of abuse made against staff

### **Section 1: allegations that may meet the harms threshold**

This section is based on 'Section 1: Allegations that may meet the harms threshold' in part 4 of Keeping Children Safe in Education.

This section applies to all cases in which it is alleged that a current member of staff, including a supply teacher, volunteer or contractor, has:

- Behaved in a way that has harmed a child, or may have harmed a child, and/or
- Possibly committed a criminal offence against or related to a child, and/or
- Behaved towards a child or children in a way that indicates he or she may pose a risk of harm to children, and/or
- Behaved or may have behaved in a way that indicates they may not be suitable to work with children – this includes behaviour taking place both inside and outside of school

We will deal with any allegation of abuse quickly, in a fair and consistent way that provides effective child protection while also supporting the individual who is the subject of the allegation.

A 'case manager' will lead any investigation. This will be the headteacher, or the chair of governors where the headteacher is the subject of the allegation. The case manager will be identified at the earliest opportunity.

Our procedures for dealing with allegations will be applied with common sense and judgement.

### **Suspension of the accused until the case is resolved**

Suspension of the accused will not be the default position, and will only be considered in cases where there is reason to suspect that a child or other children is/are at risk of harm, or the case is so serious that there might be grounds for dismissal. In such cases, we will only suspend an individual if we have considered all other options available and there is no reasonable alternative.

Based on an assessment of risk, we will consider alternatives such as:

- Redeployment within the school so that the individual does not have direct contact with the child or children concerned
- Providing an assistant to be present when the individual has contact with children
- Redeploying the individual to alternative work in the school so that they do not have unsupervised access to children
- Moving the child or children to classes where they will not come into contact with the individual, making it clear that this is not a punishment and parents/carers have been consulted
- Temporarily redeploying the individual to another role in a different location, for example to an alternative school or other work for the school.

If in doubt, the case manager will seek views from the school's personnel adviser and the designated officer at the local authority, as well as the police and children's social care where they have been involved.

### **Definitions for outcomes of allegation investigations**

- **Substantiated:** there is sufficient evidence to prove the allegation

- **Malicious:** there is sufficient evidence to disprove the allegation and there has been a deliberate act to deceive, or to cause harm to the subject of the allegation
- **False:** there is sufficient evidence to disprove the allegation
- **Unsubstantiated:** there is insufficient evidence to either prove or disprove the allegation (this does not imply guilt or innocence)
- **Unfounded:** to reflect cases where there is no evidence or proper basis which supports the allegation being made

### **Procedure for dealing with allegations**

In the event of an allegation that meets the criteria above, the case manager will take the following steps:

- Conduct basic enquiries in line with local procedures to establish the facts to help determine whether there is any foundation to the allegation before carrying on with the steps below
- Discuss the allegation with the designated officer at the local authority. This is to consider the nature, content and context of the allegation and agree a course of action, including whether further enquiries are necessary to enable a decision on how to proceed, and whether it is necessary to involve the police and/or children's social care services. (The case manager may, on occasion, consider it necessary to involve the police *before* consulting the designated officer – for example, if the accused individual is deemed to be an immediate risk to children or there is evidence of a possible criminal offence. In such cases, the case manager will notify the designated officer as soon as practicably possible after contacting the police)
- Inform the accused individual of the concerns or allegations and likely course of action as soon as possible after speaking to the designated officer (and the police or children's social care services, where necessary). Where the police and/or children's social care services are involved, the case manager will only share such information with the individual as has been agreed with those agencies
- Where appropriate (in the circumstances described above), carefully consider whether suspension of the individual from contact with children at the school is justified or whether alternative arrangements such as those outlined above can be put in place. Advice will be sought from the designated officer, police and/or children's social care services, as appropriate
- Where the case manager is concerned about the welfare of other children in the community or the individual's family, they will discuss these concerns with the DSL and make a risk assessment of the situation. If necessary, the DSL may make a referral to children's social care
- **If immediate suspension is considered necessary**, agree and record the rationale for this with the designated officer. The record will include information about the alternatives to suspension that have been considered, and why they were rejected. Written confirmation of the suspension will be provided to the individual facing the allegation or concern within 1 working day, and the individual will be given a named contact at the school and their contact details
- **If it is decided that no further action is to be taken** in regard to the subject of the allegation or concern, record this decision and the justification for it and agree with the designated officer what information should be put in writing to the individual and by whom, as well as what action should follow both in respect of the individual and those who made the initial allegation

- **If it is decided that further action is needed**, take steps as agreed with the designated officer to initiate the appropriate action in school and/or liaise with the police and/or children's social care services as appropriate
- Provide effective support for the individual facing the allegation or concern, including appointing a named representative to keep them informed of the progress of the case and considering what other support is appropriate.
- Inform the parents or carers of the child/children involved about the allegation as soon as possible if they do not already know (following agreement with children's social care services and/or the police, if applicable). The case manager will also inform the parents or carers of the requirement to maintain confidentiality about any allegations made against teachers (where this applies) while investigations are ongoing. Any parent or carer who wishes to have the confidentiality restrictions removed in respect of a teacher will be advised to seek legal advice
- Keep the parents or carers of the child/children involved informed of the progress of the case (only in relation to their child – no information will be shared regarding the staff member)
- Make a referral to the DBS where it is thought that the individual facing the allegation or concern has engaged in conduct that harmed or is likely to harm a child, or if the individual otherwise poses a risk of harm to a child. If the school is made aware that the secretary of state has made an interim prohibition order in respect of an individual, we will immediately suspend that individual from teaching, pending the findings of the investigation by the Teaching Regulation Agency.

Where the police are involved, wherever possible the school will ask the police at the start of the investigation to obtain consent from the individuals involved to share their statements and evidence for use in the school's disciplinary process, should this be required at a later point.

### **Additional considerations for supply teachers and all contracted staff**

If there are concerns or an allegation is made against someone not directly employed by the school, such as a supply teacher or contracted staff member provided by an agency, we will take the actions below in addition to our standard procedures.

- We will not decide to stop using an individual due to safeguarding concerns without finding out the facts and liaising with our LADO to determine a suitable outcome
- The governing board will discuss with the agency whether it is appropriate to suspend the individual, or redeploy them to another part of the school, while the school carries out the investigation
- We will involve the agency fully, but the school will take the lead in collecting the necessary information and providing it to the LADO as required
- We will address issues such as information sharing, to ensure any previous concerns or allegations known to the agency are taken into account (we will do this, for example, as part of the allegations management meeting or by liaising directly with the agency where necessary)

When using an agency, we will inform them of our process for managing allegations, and keep them updated about our policies as necessary, and will invite the agency's HR manager or equivalent to meetings as appropriate.

### **Timescales**

We will deal with all allegations as quickly and effectively as possible and will endeavour to comply with the following timescales, where reasonably practicable:

- Any cases where it is clear immediately that the allegation is unsubstantiated or malicious should be resolved within 1 week
- If the nature of an allegation does not require formal disciplinary action, appropriate action should be taken within 3 working days
- If a disciplinary hearing is required and can be held without further investigation, this should be held within 15 working days

However, these are objectives only and where they are not met, we will endeavour to take the required action as soon as possible thereafter.

## **Specific actions**

### **Action following a criminal investigation or prosecution**

The case manager will discuss with the local authority's designated officer whether any further action, including disciplinary action, is appropriate and, if so, how to proceed, taking into account information provided by the police and/or children's social care services.

### **Conclusion of a case where the allegation is substantiated**

If the allegation is substantiated and the individual is dismissed or the school ceases to use their services, or the individual resigns or otherwise ceases to provide their services, the school will make a referral to the DBS for consideration of whether inclusion on the barred lists is required.

If the individual concerned is a member of teaching staff, the school will consider whether to refer the matter to the Teaching Regulation Agency to consider prohibiting the individual from teaching.

### **Individuals returning to work after suspension**

If it is decided on the conclusion of a case that an individual who has been suspended can return to work, the case manager will consider how best to facilitate this.

The case manager will also consider how best to manage the individual's contact with the child or children who made the allegation, if they are still attending the school.

### **Unsubstantiated, unfounded, false or malicious reports**

If a report is:

- Determined to be unsubstantiated, unfounded, false or malicious, the DSL will consider the appropriate next steps. If they consider that the child and/or person who made the allegation is in need of help, or the allegation may have been a cry for help, a referral to children's social care may be appropriate
- Shown to be deliberately invented, or malicious, the school will consider whether any disciplinary action is appropriate against the individual(s) who made it

### **Unsubstantiated, unfounded, false or malicious allegations**

If an allegation is:

- Determined to be unsubstantiated, unfounded, false or malicious, the LADO and case manager will consider the appropriate next steps. If they consider that the child and/or person who made the allegation is in need of help, or the allegation may have been a cry for help, a referral to children's social care may be appropriate
- Shown to be deliberately invented, or malicious, the school will consider whether any disciplinary action is appropriate against the individual(s) who made it

## **Confidentiality and information sharing**

The school will make every effort to maintain confidentiality and guard against unwanted publicity while an allegation is being investigated or considered.

The case manager will take advice from the LADO, police and children's social care services, as appropriate, to agree:

- Who needs to know about the allegation and what information can be shared
- How to manage speculation, leaks and gossip, including how to make parents or carers of a child/children involved aware of their obligations with respect to confidentiality
- What, if any, information can be reasonably given to the wider community to reduce speculation
- How to manage press interest if, and when, it arises

## **Record-keeping**

The case manager will maintain clear records about any case where the allegation or concern meets the criteria above and store them on the individual's confidential personnel file for the duration of the case.

The records of any allegation that, following an investigation, is found to be malicious or false will be deleted from the individual's personnel file (unless the individual consents for the records to be retained on the file).

For all other allegations (which are not found to be malicious or false), the following information will be kept on the file of the individual concerned:

- A clear and comprehensive summary of the allegation
- Details of how the allegation was followed up and resolved
- Notes of any action taken, decisions reached and the outcome
- A declaration on whether the information will be referred to in any future reference

In these cases, the school will provide a copy to the individual, in agreement with children's social care or the police as appropriate.

Where records contain information about allegations of sexual abuse, we will preserve these for the Independent Inquiry into Child Sexual Abuse (IICSA), for the term of the inquiry. We will retain all other records at least until the individual has reached normal pension age, or for 10 years from the date of the allegation if that is longer.

## **References**

When providing employer references, we will:

- Not refer to any allegation that has been found to be false, unfounded, unsubstantiated or malicious, or any repeated allegations which have all been found to be false, unfounded, unsubstantiated or malicious
- Include substantiated allegations, provided that the information is factual and does not include opinions

## **Learning lessons**

After any cases where the allegations are *substantiated*, the case manager will review the circumstances of the case with the local authority's designated officer to determine whether there are any improvements that we can make to the school's procedures or practice to help prevent similar events in the future.

This will include consideration of (as applicable):

- Issues arising from the decision to suspend the member of staff
- The duration of the suspension
- Whether or not the suspension was justified

- The use of suspension when the individual is subsequently reinstated. We will consider how future investigations of a similar nature could be carried out without suspending the individual

For all other cases, the case manager will consider the facts and determine whether any improvements can be made.

### **Non-recent allegations**

Abuse can be reported, no matter how long ago it happened.

We will report any non-recent allegations made by a child to the LADO in line with our local authority's procedures for dealing with non-recent allegations.

Where an adult makes an allegation to the school that they were abused as a child, we will advise the individual to report the allegation to the police.

### **Section 2: concerns that do not meet the harm threshold**

This section applies to all concerns (including allegations) about members of staff, including supply teachers, volunteers and contractors, which do not meet the harm threshold set out in section 1 above.

Concerns may arise through, for example:

- Suspicion
- Complaint
- Disclosure made by a child, parent or other adult within or outside the school
- Pre-employment vetting checks

We recognise the importance of responding to and dealing with any concerns in a timely manner to safeguard the welfare of children.

### **Definition of low-level concerns**

The term 'low-level' concern is any concern – no matter how small – that an adult working in or on behalf of the school may have acted in a way that:

- Is inconsistent with the staff code of conduct, including inappropriate conduct outside of work, **and**
- Does not meet the allegations threshold or is otherwise not considered serious enough to consider a referral to the designated officer at the local authority

Examples of such behaviour could include, but are not limited to:

- Being overly friendly with children
- Having favourites
- Taking photographs of children on their mobile phone
- Engaging with a child on a one-to-one basis in a secluded area or behind a closed door
- Using inappropriate sexualised, intimidating or offensive language

### **Sharing low-level concerns**

We recognise the importance of creating a culture of openness, trust and transparency to encourage all staff to share low-level concerns so that they can be addressed appropriately.

We will create this culture by:

- Ensuring staff are clear about what appropriate behaviour is, and are confident in distinguishing expected and appropriate behaviour from concerning, problematic or inappropriate behaviour, in themselves and others
- Empowering staff to share any low-level concerns
- Empowering staff to self-refer
- Addressing unprofessional behaviour and supporting the individual to correct it at an early stage
- Providing a responsive, sensitive and proportionate handling of such concerns when they are raised
- Helping to identify any weakness in the school's safeguarding system

### **Responding to low-level concerns**

If the concern is raised via a third party, the headteacher will collect evidence where necessary by speaking:

- Directly to the person who raised the concern, unless it has been raised anonymously
- To the individual involved and any witnesses

The headteacher will use the information collected to categorise the type of behaviour and determine any further action, in line with the school's staff behaviour policy/code of conduct.

### **Record keeping**

All low-level concerns will be recorded in writing. In addition to details of the concern raised, records will include the context in which the concern arose, any action taken and the rationale for decisions and action taken.

Records will be:

- Kept confidential, held securely and comply with the DPA 2018 and UK GDPR
- Reviewed so that potential patterns of concerning, problematic or inappropriate behaviour can be identified. Where a pattern of such behaviour is identified, we will decide on a course of action, either through our disciplinary procedures or, where a pattern of behaviour moves from a concern to meeting the harms threshold as described in section 1 of this appendix, we will refer it to the designated officer at the local authority
- Retained at least until the individual leaves employment at the school

Where a low-level concern relates to a supply teacher or contractor, we will notify the individual's employer, so any potential patterns of inappropriate behaviour can be identified.

### **References**

We will not include low-level concerns in references unless:

- The concern (or group of concerns) has met the threshold for referral to the designated officer at the local authority and is found to be substantiated; and/or
- The concern (or group of concerns) relates to issues which would ordinarily be included in a reference, such as misconduct or poor performance

### Appendix 3: specific safeguarding issues

#### **Children missing from education**

A child going missing from education, particularly repeatedly, can be a warning sign of a range of safeguarding issues. This might include abuse or neglect, such as sexual abuse or exploitation or child criminal exploitation, or issues such as mental health problems, substance abuse, radicalisation, FGM or forced marriage.

There are many circumstances where a child may become missing from education, but some children are particularly at risk. These include children who:

- Are at risk of harm or neglect
- Are at risk of forced marriage or FGM
- Come from Gypsy, Roma, or Traveller families
- Come from the families of service personnel
- Go missing or run away from home or care
- Are supervised by the youth justice system
- Cease to attend a school
- Come from new migrant families

We will follow our procedures for unauthorised absence and for dealing with children who go missing from education, particularly on repeat occasions, to help identify the risk of abuse and neglect, including sexual exploitation, and to help prevent the risks of going missing in future. This includes informing the local authority if a child leaves the school without a new school being named, and adhering to requirements with respect to sharing information with the local authority, when applicable, when removing a child's name from the admission register at non-standard transition points.

Staff will be trained in signs to look out for and the individual triggers to be aware of when considering the risks of potential safeguarding concerns which may be related to being missing, such as travelling to conflict zones, FGM and forced marriage.

If a staff member suspects that a child is suffering from harm or neglect, we will follow local child protection procedures, including with respect to making reasonable enquiries. We will make an immediate referral to the local authority children's social care team, and the police, if the child is suffering or likely to suffer from harm, or in immediate danger.

#### **Child criminal exploitation**

Child criminal exploitation (CCE) is a form of abuse where an individual or group takes advantage of an imbalance of power to coerce, control, manipulate or deceive a child into criminal activity, in exchange for something the victim needs or wants, and/or for the financial or other advantage of the perpetrator or facilitator, and/or through violence or the threat of violence.

The abuse can be perpetrated by males or females, and children or adults. It can be a one-off occurrence or a series of incidents over time, and range from opportunistic to complex organised abuse.

The victim can be exploited even when the activity appears to be consensual. It does not always involve physical contact and can happen online. For example, young people may be forced to work in cannabis factories, coerced into moving drugs or money across the country (county lines), forced to shoplift or pickpocket, or to threaten other young people.

Indicators of CCE can include a child:

- Appearing with unexplained gifts or new possessions
- Associating with other young people involved in exploitation
- Suffering from changes in emotional wellbeing
- Misusing drugs and alcohol
- Going missing for periods of time or regularly coming home late
- Regularly missing school or education
- Not taking part in education

If a member of staff suspects CCE, they will discuss this with the DSL. The DSL will trigger the local safeguarding procedures, including a referral to the local authority's children's social care team and the police, if appropriate.

### **Child sexual exploitation**

Child sexual exploitation (CSE) is a form of child sexual abuse where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child into sexual activity, in exchange for something the victim needs or wants and/or for the financial advantage or increased status of the perpetrator or facilitator. It may, or may not, be accompanied by violence or threats of violence.

The abuse can be perpetrated by males or females, and children or adults. It can be a one-off occurrence or a series of incidents over time, and range from opportunistic to complex organised abuse.

The victim can be exploited even when the activity appears to be consensual. Children or young people who are being sexually exploited may not understand that they are being abused. They often trust their abuser and may be tricked into believing they are in a loving, consensual relationship.

CSE can include both physical contact (penetrative and non-penetrative acts) and non-contact sexual activity. It can also happen online. For example, young people may be persuaded or forced to share sexually explicit images of themselves, have sexual conversations by text, or take part in sexual activities using a webcam. CSE may also occur without the victim's immediate knowledge, for example through others copying videos or images.

In addition to the CCE indicators above, indicators of CSE can include a child:

- Having an older boyfriend or girlfriend
- Suffering from sexually transmitted infections or becoming pregnant

If a member of staff suspects CSE, they will discuss this with the DSL. The DSL will trigger the local safeguarding procedures, including a referral to the local authority's children's social care team and the police, if appropriate.

### **Domestic abuse**

Children can witness and be adversely affected by domestic abuse and/or violence at home where it occurs between family members. In some cases, a child may blame themselves for the abuse or may have had to leave the family home as a result.

Types of domestic abuse include intimate partner violence, abuse by family members, teenage relationship abuse and child/adolescent to parent violence and abuse. Anyone can be a victim of domestic abuse, regardless of gender, age, ethnicity, socioeconomic status, sexuality or background, and domestic abuse can take place inside or outside of the home.

Older children may also experience domestic abuse and/or violence in their own personal relationships.

Exposure to domestic abuse and/or violence can have a serious, long-lasting emotional and psychological impact on children.

If police are called to an incident of domestic abuse and any children in the household have experienced the incident, the police will inform the key adult in school (usually the designated safeguarding lead) before the child or children arrive at school the following day.

The DSL will provide support according to the child's needs and update records about their circumstances.

## **Homelessness**

Being homeless or being at risk of becoming homeless presents a real risk to a child's welfare.

The DSL and deputy/deputies will be aware of contact details and referral routes in to the local housing authority so they can raise/progress concerns at the earliest opportunity (where appropriate and in accordance with local procedures).

Where a child has been harmed or is at risk of harm, the DSL will also make a referral to children's social care.

## **So-called 'honour-based' abuse (including FGM and forced marriage)**

So-called 'honour-based' abuse (HBA) encompasses incidents or crimes committed to protect or defend the honour of the family and/or community, including FGM, forced marriage, and practices such as breast ironing.

Abuse committed in this context often involves a wider network of family or community pressure and can include multiple perpetrators.

All forms of HBA are abuse and will be handled and escalated as such. All staff will be alert to the possibility of a child being at risk of HBA or already having suffered it. If staff have a concern, they will speak to the DSL, who will activate local safeguarding procedures.

## **FGM**

The DSL will make sure that staff have access to appropriate training to equip them to be alert to children affected by FGM or at risk of FGM.

This policy sets out the procedures to be followed if a staff member discovers that an act of FGM appears to have been carried out or suspects that a pupil is at risk of FGM.

Indicators that FGM has already occurred include:

- A pupil confiding in a professional that FGM has taken place
- A mother/family member disclosing that FGM has been carried out
- A family/pupil already being known to social services in relation to other safeguarding issues
- A girl:
  - Having difficulty walking, sitting or standing, or looking uncomfortable
  - Finding it hard to sit still for long periods of time (where this was not a problem previously)
  - Spending longer than normal in the bathroom or toilet due to difficulties urinating
  - Having frequent urinary, menstrual or stomach problems
    - Avoiding physical exercise or missing PE
    - Being repeatedly absent from school, or absent for a prolonged period

- Demonstrating increased emotional and psychological needs – for example, withdrawal or depression, or significant change in behaviour
- Being reluctant to undergo any medical examinations
- Asking for help, but not being explicit about the problem
- Talking about pain or discomfort between her legs

Potential signs that a pupil may be at risk of FGM include:

- The girl's family having a history of practising FGM (this is the biggest risk factor to consider)
- FGM being known to be practised in the girl's community or country of origin
- A parent or family member expressing concern that FGM may be carried out
- A family not engaging with professionals (health, education or other) or already being known to social care in relation to other safeguarding issues
- A girl:
  - Having a mother, older sibling or cousin who has undergone FGM
  - Having limited level of integration within UK society
  - Confiding to a professional that she is to have a "special procedure" or to attend a special occasion to "become a woman"
  - Talking about a long holiday to her country of origin or another country where the practice is prevalent, or parents/carers stating that they or a relative will take the girl out of the country for a prolonged period
  - Requesting help from a teacher or another adult because she is aware or suspects that she is at immediate risk of FGM
  - Talking about FGM in conversation – for example, a girl may tell other children about it (although it is important to take into account the context of the discussion)
  - Being unexpectedly absent from school
  - Having sections missing from her 'red book' (child health record) and/or attending a travel clinic or equivalent for vaccinations/anti-malarial medication

The above indicators and risk factors are not intended to be exhaustive.

### **Forced marriage**

Forcing a person into marriage is a crime. A forced marriage is one entered into without the full and free consent of one or both parties and where violence, threats, or any other form of coercion is used to cause a person to enter into a marriage. Threats can be physical or emotional and psychological.

Staff will receive training around forced marriage and the presenting symptoms. We are aware of the 'one chance' rule, i.e. we may only have one chance to speak to the potential victim and only one chance to save them.

If a member of staff suspects that a pupil is being forced into marriage, they will speak to the pupil about their concerns in a secure and private place. They will then report this to the DSL.

The DSL will:

- Speak to the pupil about the concerns in a secure and private place

- Activate the local safeguarding procedures and refer the case to the local authority's designated officer
- Seek advice from the Forced Marriage Unit on 020 7008 0151 or [fmfco.gov.uk](mailto:fmfco.gov.uk)
- Refer the pupil to an education welfare officer, pastoral tutor, learning mentor, or school counsellor, as appropriate

### Preventing radicalisation

- **Radicalisation** refers to the process by which a person comes to support terrorism and extremist ideologies associated with terrorist groups
- **Extremism** is vocal or active opposition to fundamental British values, such as democracy, the rule of law, individual liberty, and mutual respect and tolerance of different faiths and beliefs. This also includes calling for the death of members of the armed forces
- **Terrorism** is an action that:
  - Endangers or causes serious violence to a person/people;
  - Causes serious damage to property; or
  - Seriously interferes or disrupts an electronic system

The use or threat of terrorism must be designed to influence the government or to intimidate the public and is made for the purpose of advancing a political, religious or ideological cause.

Schools have a duty to prevent children from being drawn into terrorism. The DSL will undertake Prevent awareness training and make sure that staff have access to appropriate training to equip them to identify children at risk.

We will assess the risk of children in our school being drawn into terrorism. This assessment will be based on an understanding of the potential risk in our local area, in collaboration with our local safeguarding partners and local police force.

We will ensure that suitable internet filtering is in place and equip our pupils to stay safe online at school and at home.

There is no single way of identifying an individual who is likely to be susceptible to an extremist ideology. Radicalisation can occur quickly or over a long period.

Staff will be alert to changes in pupils' behaviour.

The government website [Educate Against Hate](#) and charity [NSPCC](#) say that signs that a pupil is being radicalised can include:

- Refusal to engage with, or becoming abusive to, peers who are different from themselves
- Becoming susceptible to conspiracy theories and feelings of persecution
- Changes in friendship groups and appearance
- Rejecting activities they used to enjoy
- Converting to a new religion
- Isolating themselves from family and friends
- Talking as if from a scripted speech

- An unwillingness or inability to discuss their views
- A sudden disrespectful attitude towards others
- Increased levels of anger
- Increased secretiveness, especially around internet use
- Expressions of sympathy for extremist ideologies and groups, or justification of their actions
- Accessing extremist material online, including on Facebook or Twitter
- Possessing extremist literature
- Being in contact with extremist recruiters and joining, or seeking to join, extremist organisations

Children who are at risk of radicalisation may have low self-esteem, or be victims of bullying or discrimination. It is important to note that these signs can also be part of normal teenage behaviour – staff should have confidence in their instincts and seek advice if something feels wrong.

If staff are concerned about a pupil, they will follow our procedures set out in this policy, including discussing their concerns with the DSL.

Staff should **always** take action if they are worried.

### **child on child abuse**

child on child abuse is when children abuse other children. This type of abuse can take place inside and outside of school and online.

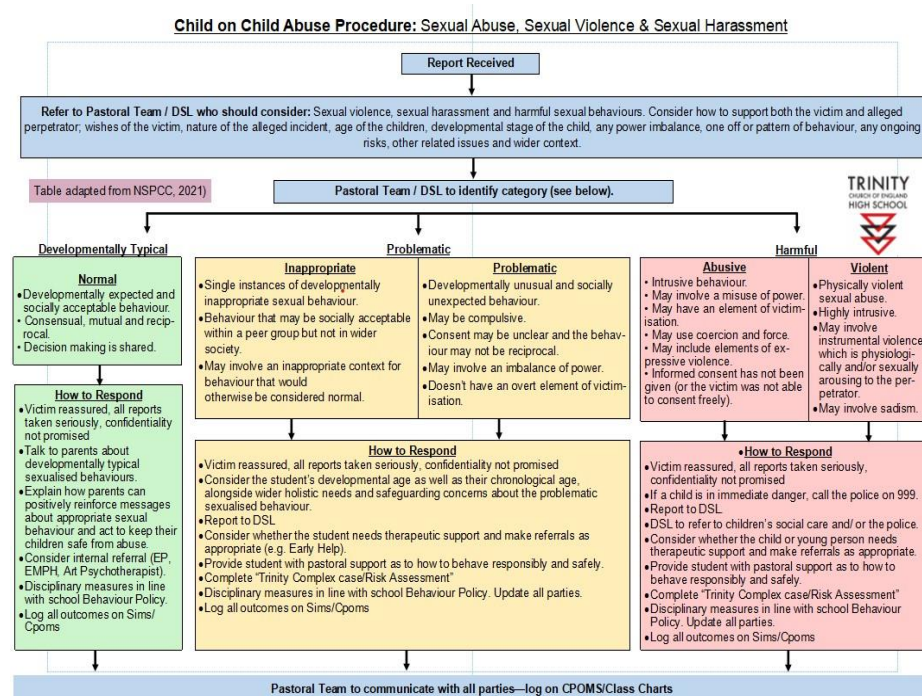

child on child abuse is most likely to include, but may not be limited to:

- Bullying (including cyber-bullying, prejudice-based and discriminatory bullying)
- Abuse in intimate personal relationships between peers
- Physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm (this may include an online element which facilitates, threatens and/or encourages physical abuse)
- Sexual violence, such as rape, assault by penetration and sexual assault (this may include an online element which facilitates, threatens and/or encourages sexual violence)
- Sexual harassment, such as sexual comments, remarks, jokes and online sexual harassment, which may be standalone or part of a broader pattern of abuse
- Causing someone to engage in sexual activity without consent, such as forcing someone to strip, touch themselves sexually, or to engage in sexual activity with a third party
- Consensual and non-consensual sharing of nudes and semi nudes images and/or videos (also known as sexting or youth produced sexual imagery)
- Upskirting, which typically involves taking a picture under a person's clothing without their permission, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress or alarm
- Initiation/hazing type violence and rituals (this could include activities involving harassment, abuse or humiliation used as a way of initiating a person into a group and may also include an online element)

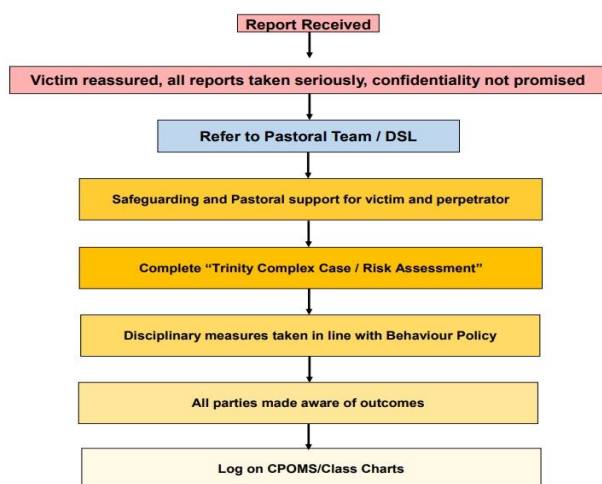

Where children abuse their peers online, this can take the form of, for example, abusive, harassing, and misogynistic messages; the non-consensual sharing of indecent images,

especially around chat groups; and the sharing of abusive images and pornography, to those who don't want to receive such content.

If staff have any concerns about child on child abuse, or a child makes a report to them, they will follow the procedures set out in this policy, which details our school's approach to this type of abuse.

### **Child on Child Abuse Procedure:** **Physical Abuse, Emotional Harm, On/Offline Bullying & Teenage Relationship Abuse**

### **Sexual violence and sexual harassment between children in schools**

Sexual violence and sexual harassment can occur:

- Between 2 children of any age and sex
- Through a group of children sexually assaulting or sexually harassing a single child or group of children
- Online and face to face (both physically and verbally)

Sexual violence and sexual harassment exist on a continuum and may overlap.

Children who are victims of sexual violence and sexual harassment will likely find the experience stressful and distressing. This will, in all likelihood, adversely affect their educational attainment and will be exacerbated if the alleged perpetrator(s) attends the same school.

If a victim reports an incident, it is essential that staff make sure they are reassured that they are being taken seriously and that they will be supported and kept safe. A victim should never be given the impression that they are creating a problem by reporting sexual violence or sexual harassment. Nor should a victim ever be made to feel ashamed for making a report.

Some groups are potentially more at risk. Evidence shows that girls, children with SEN and/or disabilities, and lesbian, gay, bisexual and transgender (LGBT) children are at greater risk.

Staff should be aware of the importance of:

- Challenging inappropriate behaviours
- Making clear that sexual violence and sexual harassment is not acceptable, will never be tolerated and is not an inevitable part of growing up
- Challenging physical behaviours (potentially criminal in nature), such as grabbing bottoms, breasts and genitalia, pulling down trousers, flicking bras and lifting up skirts. Dismissing or tolerating such behaviours risks normalising them

If staff have any concerns about sexual violence or sexual harassment, or a child makes a report to them, they will follow the procedures set out in section 7 of this policy, as appropriate.

### **Serious violence**

Indicators which may signal that a child is at risk from, or involved with, serious violent crime may include:

- Increased absence from school
- Change in friendships or relationships with older individuals or groups
- Significant decline in performance
- Signs of self-harm or a significant change in wellbeing
- Signs of assault or unexplained injuries
- Unexplained gifts or new possessions (this could indicate that the child has been approached by, or is involved with, individuals associated with criminal networks or gangs and may be at risk of criminal exploitation (see above))

Risk factors which increase the likelihood of involvement in serious violence include:

- Being male
- Having been frequently absent or permanently excluded from school
- Having experienced child maltreatment
- Having been involved in offending, such as theft or robbery

Staff will be aware of these indicators and risk factors. If a member of staff has a concern about a pupil being involved in, or at risk of, serious violence, they will report this to the DSL.

### **Checking the identity and suitability of visitors**

All visitors will be required to verify their identity to the satisfaction of staff on the reception.. If the visitor is unknown to the setting, we will check their credentials and reason for visiting before allowing them to enter the school. Visitors should be ready to produce identification.

Visitors are expected to sign into the 'InVentry System' and wear a visitor's badge.

Visitors to the school who are visiting for a professional purpose, such as educational psychologists and school improvement officers, will be asked to show photo ID and:

- Will be asked to show their DBS certificate, which will be checked alongside their photo ID; or
- The organisation sending the professional, such as the LA or educational psychology service, will provide prior written confirmation that an appropriate level of DBS check has been carried out

All other visitors, including visiting speakers, will be accompanied by a member of staff at all times. We will not invite into the school any speaker who is known to disseminate extremist views, and will carry out appropriate checks to ensure that any individual or organisation using school facilities is not seeking to disseminate extremist views or radicalise pupils or staff.
