

12th June, 2020

VOLUME 36, No 34

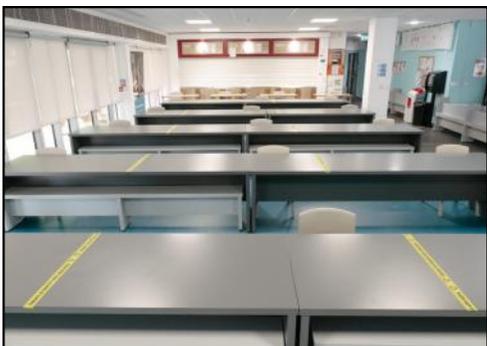

## SCHOOL AIM

“To provide a Christian environment in which young people are safe, secure, cared for and happy, and are able to develop into articulate, confident and well-qualified citizens of the world.”

## Keeping Everyone Safe In School

Earlier this week, our Full Governing Body approved the school's plans and risk assessments to proceed with face to face sessions for our Year 10 and Year 12 students. All parents of Year 10 and 12 students were sent a letter and personalised timetables outlining the sessions last week, and a final letter containing all essential information for those attending the face to face sessions was sent out yesterday. Our priority is the safety of our students and staff, and we would like to reassure our school community of the safety measures in place regarding the precautions taken in school. These are displayed above and on the next page. The full selection and more details about our reopening plans can be found on the COVID-19 section of the school website: [www.trinityhigh.com/covid-19-school-plan/](http://www.trinityhigh.com/covid-19-school-plan/)

### **Changes to KS3 'Show My Homework' - new videos for every lesson!**

As you will have seen, we are welcoming Year 10 and Year 12 students into school from Monday, 15th June, 2020. From Monday, 22nd June, 2020, we are going to change the format of 'Show My Homework' KS3 lessons so that every day, students get four videos downloaded to them - the videos are recorded by our teachers for our students and are designed to build a bridge into the following year. A new timetable will be sent out for KS3 students next week so you know what to expect. We certainly hope it can provide some 'familiarity' to students and start reconnecting them with the staff in the school.

## Transport Update

A message from Transport for Greater Manchester:

Transport for  
Greater Manchester

“We want to make it as safe as possible for students to return to school during lockdown and beyond.

If your child is returning to school from 15th June, 2020, please help

protect school buses and public transport for those with no alternative and cycle or walk if possible. To get help and advice on cycling and walking, including tips on journey planning visit [www.tfgm.com/coronavirus/cycling-walking](http://www.tfgm.com/coronavirus/cycling-walking).

For students who must use public transport, space will be limited due to social distancing and with capacity restraints this may mean students won't be able to board all services.

Also, when using public transport students should keep themselves and others safe by wearing a face covering; keeping your distance; washing your hands regularly and buy tickets online or use mobile apps.

A TfGM igo card is proof of age ID (needed for child tickets from age 11) and is also a smart card for buying tickets online, see [www.tfgm.com/igo](http://www.tfgm.com/igo) for details.”

## Transition For Our New Year 7 Students

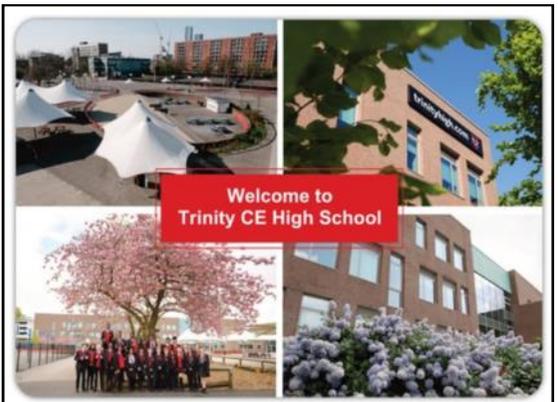

We are looking forward to our new intake of Year 7 students joining us from September. Unfortunately, we are unable to run our usual induction days and new intake evening this year, however we have a range of transition activities planned to prepare students for life at Trinity.

The transition page on our school website features letters to Year 6 parents, a 'welcome postcard', useful resources, challenges and activities for students and information about ordering uniform.

In the coming weeks, there will also be a transition assembly, a transition film and a virtual tour of the school - which we are sure will be of interest to many students and parents!

All updates will be available by using the following link:

[www.trinityhigh.com/transition/](http://www.trinityhigh.com/transition/)

## Trinity Long Distance Challenge

Our latest results for the Trinity Long Distance Challenge are as follows:

Springbok House - 685 miles - they would have travelled to Vaduz in Liechtenstein.

Tiger House - 536 miles - they would have reached Aalborg in Denmark.

Wallaby House - 975 miles - they would have travelled to Warsaw in Poland.

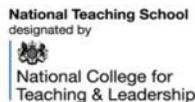

Maple House - 1140 miles - they would have reached Sarajevo in Bosnia-Herzegovina.

## And finally...

...we are continuing with two assemblies each week this half term, which are available for students to watch on Show My Homework. One of this week's assemblies featured Mr Butt who helped us explore how we support each other, which is particularly relevant in these times, and Ms Iyoha gave a beautiful performance of Schubert's 'Scherzo'.

Mr Julian Nicholls  
Head
