Thursday 8th October 2020

Dear Parent,

This information pack contains everything you need to know about remote learning at Trinity.

Please note, there is a parental consent form that we require you to sign and return to school urgently.

At Trinity, weekly homework tasks are set via the Show My Homework app. Teachers allocate a task to a class and students usually submit these tasks online. (e.g. completing a quiz that reviews content taught that week).

Should your child need to isolate at any point during the year, daily digital remote class work will also be set via the Show My Homework App.

In order for your child to access remote digital learning it is essential that s/he can access their school email address whilst at home.

There are two steps that must be followed:

- 1) The student needs to remember their school login, email and password.

This is the student's username followed by @school.trinityhigh.com.

e.g. Sophie Bloggs in Year 7 has the user name y20bloggs_s and the email address y20bloggs_s@school.trinityhigh.com, Jason Arteh in Year 8 has the user name y19arteh_j and the email address y19arteh_j@school.trinityhigh.com.

- 2) The student needs to remember to access the SMHW app by **logging in via office 365**, using this school email address. More information is provided on a help sheet enclosed with this letter.

Working in partnership with parents

We know how much Trinity parents want to support their children with learning at home.

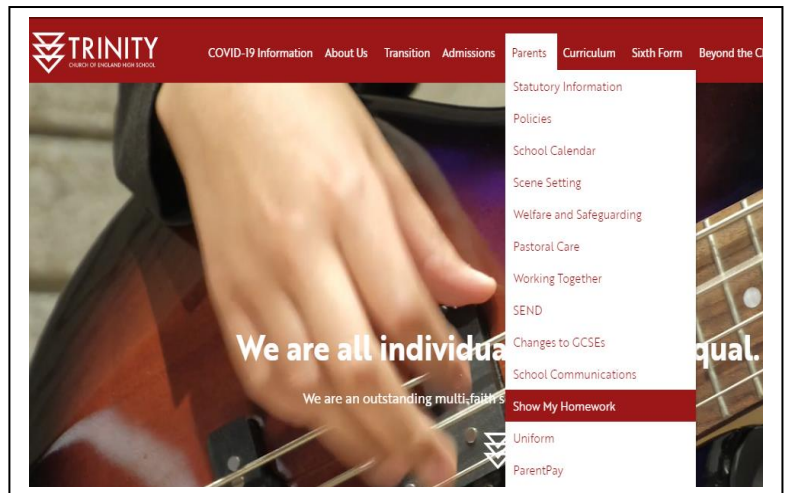

If you have not yet done so, you can download the Show My Homework parent app, which will enable you to view all tasks set, all work submitted and all the feedback given to your child.

Each student has a unique parent PIN code to take home, which parents need to use in order to access a copy of their child's account. If for any reason this PIN is lost you can contact office@trinityhigh.com to request a second copy.

You can find more details about remote learning on our website, www.trinityhigh.com, including videos for both parents and students to help them download and use the Show My Homework app. There is also a 'trouble shooting' video guiding students through the login process and how to avoid common mistakes. Select the '**Parents**' option from the top bar and '**Show My Homework**'.

More videos and information will be added to the website through the year.

If you select the **COVID-19 Information** option on the top bar, you can access the immediate isolation learning resources and other important documents.

Also included with this letter:

- 1) Show My Homework login student help sheet.
- 2) Live video lesson consent - PLEASE SIGN AND RETURN TO SCHOOL
- 3) Isolation work expectations.

Yours sincerely,

A handwritten signature in black ink, appearing to read 'Julian Nicholls'.
