## SCHOOL AIM

“To provide a Christian environment in which young people are safe, secure, cared for and happy, and are able to develop into articulate, confident and well-qualified citizens of the world.”

## Eco-Council

Earlier this half term, students from our Eco-Council participated in a climate crisis project, giving student voice and direction to the work of the Manchester Diocese Climate Change. The project took place in two parts. Firstly, students gathered alongside other schools at the inspiring Whalley Abbey in Bolton to develop a Manchester Diocese Eco-Schools Award. Secondly, our students welcomed members of the Young Christian Climate Network (YCCN) at Trinity who are making a pilgrimage to the COP26 summit in Glasgow, for a workshop on young people’s voice in local, national and international Climate Change action. Mr Dootson (Head of Eco-Council) and Revd Dr Birkinshaw (Chaplain) reported that the days were very successful with other schools, the Diocese and YCCN commenting on our students’ passion and creative thinking for climate change.

## Sporting Update

PE Assistant, Mr Bryan, tells us the latest sporting news:

“Last week was the first full week of fixtures for Team Trinity sports teams.

- Our Sixth Form boys led the way with a fantastic display in the English Schools' Cup, beating Queen Elizabeth Grammar 6 - 2 (top left photo).
- In the same competition, our Year 8 boys were absolutely outstanding, managing to score 10 goals against Audenshaw with Zernonjae scoring 5 of the goals (top right photo).
- In the Greater Manchester Cup, our Year 10 boys were also very impressive in beating the North Co-op 4 - 1 (middle left photo).
- Last Friday, boys and girls from Years 7 to 11 went to Wythenshawe Park to take part in the Cross Country competition. A fantastic performance from all our runners who did Trinity proud!”

## Year 7 Geography

Our Head of Geography, Mr Stockley, tells us about how our fish pond has been used recently in Year 7 Humanities lessons:

"Year 7 have made a great start to their geography studies here at Trinity. So far they have been putting their newfound fieldwork skills to the test by carrying out environmental quality surveys and field sketches of different parts of the school grounds like the courts and the amphitheatre area of the school playground.

Here you can see form group 7ECA with Mr Rogers and Mr Ali completing field sketches around our tranquil pond area. I wonder what the fish made of their visit?!"

## Smile for the Camera!

There was an abundance of big smiles and very smart uniforms as students posed for their recent student photos in school.

## Covid Vaccinations

Further to the article in last week's newsletter, we have received no further communication about when the covid vaccinations will be taking place in school. We are still expecting it to be sometime in the week commencing Monday, 18th October, 2021, and will update parents as soon as we receive confirmation.

## And Finally...

...our annual harvest collection was launched in House assemblies last week and we pleased to be supporting the Manchester South Central Foodbank. This is a very worthy cause and was chosen by our students. We were delighted to welcome John from the Manchester South Central Foodbank who spoke to students about the collection during assemblies. Students can now bring items in to their form rooms and the deadline will be Friday, 15th October, 2021. Thank you in anticipation of your kind and generous donations.

Mr Julian Nicholls  
Head
