## Re: Sixth Form Exams, Monday 9<sup>th</sup> to Friday 13<sup>th</sup> February 2026

Dear parent/guardian/carer,

As part of the preparation for the end of course exams in the summer, students in the Sixth Form will be taking exams in most of their subjects in the week between Monday 9<sup>th</sup> and Friday 13<sup>th</sup> February.

During this week, they only need to attend Sixth Form for their exams. The remainder of the time should be spent preparing for the exams. Please support them by helping them with personal organisation and ensuring that they have the necessary equipment for their exams. For example, Science and Maths exams will require students to bring a pencil, 30cm ruler and rubber in addition to an appropriate calculator.

The exams will run with the same rules and expectations as the final A-Level and BTEC exams. These rules have been made clear to all students in an assembly and from the form teachers in morning tutorial sessions. Students are also being given their personal exam timetables and letters containing our expectations for the mock exams.

Subject teachers are setting preparation work and ensuring that students understand which parts of the course they are being assessed on.

The exam schedule is on the following page. Students should arrive in the Sixth Form no later than 30 minutes before the scheduled start of each exam.

If you have any questions about these exams or the summer exam series, please contact us.

Thanks for your continuing support of us in the education of your young person.

Ms O Tattum (Director of Sixth Form) and Mr M Johnson (Director of Studies)
